Riverside Mining & Milling Co. Filed articles of incorporation on March 7, 1902, and had an authorized capitalization of $2,000.000. Filed a Certificate of Dissolution on November 12, 1909 and has been out of existence for twenty-eight years. According to its last annual report which was filed November 12, 1909, the principal place of business was at Eugene, Oregon. John M. Williams was President; F. J. Hard was Secretary, and A. F. Hard was Treasurer. All of them lived at Eugene, Oregon. The Attorney who drew the articles was J. C. Moreland. Judge Moreland has been dead for a number of years, was a well known attorney in Portland, and at the time of his death was Clerk of the Oregon Supreme Court. We know of no value to the stock.

Riverside Plaza Corporation. First 6's due 1950. Secured 7's due 1940. The first mortgage trustee instituted proceedings to foreclose the first mortgage and was sold on April 7, 1933. The undepositing 1st mortgage bondholders were entitled to $114.37 per $1000 bond. The undepositing 1st mortgage bondholders who took the above cash payment may deduct the difference as a loss for the year 1933. These second mortgage bonds that were not deposited, became worthless in 1933 as they no longer had any equity. Those first and second mortgage bondholders who desposited their bonds with the reorganization committees have not as yet suffered a loss as the hearing on the reorganization plan submitted was not held until September 5, 1935. This plan provided that new securities would be issued in exchange for first and second mortgage bonds. It is probably a question of law whether a depositing second mortgage bondholder may deduct a loss on his certificate of deposit, for the year 1933. However, it is our opinion that a depositing second mortgage bondholder may not deduct his investment as a loss until he either sells his certificate or is wiped out entirely. In this case the depositing second mortgage bondholder has a chance of obtaining new securities. The first mortgage bondholders who did not deposit their bonds may only take a loss on said bonds in the year 1933 when said property was foreclosed and they were entitled to receive only $114.73 per $1000 bond.

Riverside Republican Club of the City of New York. Value of $50. 6% bond due 1929. Incorporated in New York on Oct. 25, 1894 and was located in New York City. Trustees: Plowdon Stevens, New York City; Cyrus Swan Sedgwick. In 1901 the company was not in existence. We understand that the bonds were sold as an entrance fee to new members of the Club. We found no record of a formal dissolution in the Court records and therefore believe the venture was unsuccessful and the bond is worthless.

Rochester Water Works Co. (Minn.) We received the following letter from Burt W. Eaton, an attorney at Rochester, Minn., dated Sept. 21, 1936. ". . . regard to certain bonds due 1889 of the Rochester Water Works Co. These bonds must have been of the original issue, or an issue of the second mortgage bonds issued in 1886 or 1887. The mortgage securing the bonds was foreclosed, I think, in the year 1896, in the Federal Court at St. Paul, and the works were sold to a committee for reorganization of the bondholders, and a new corporation was formed and the works were conveyed to the new corporation. This corporation, in 1916, I think, sold the works to the City of Rochester. I am giving this information from recollection. I was connected with the waterworks since its incorporation, as attorney, and was president of the new corporation. But I do not think the bonds due 1889 have any value."
Rochester Water Works Co. 6% bonds due 1889. An act of Legislature of the State of New York in 1869 authorized the Rochester Water Works Co. to borrow $800,000. to complete the construction of their water works. The company originally borrowed $400,000. for which bonds were issued. The moneys so raised were insufficient to complete the works, and in consequence thereof no revenue was derived therefrom to the great detriment of the bondholders. The money borrowed in 1869 was used as follows: $800,000. of new bonds were to be issued, $400,000. of which were used to refund the old bonds, and the other $400,000. were used to secure additional capital to complete the water works. It would require considerable research to search the Laws of the State of New York to determine what really happened to this company's property. The above record did not state where the property was located. The old records of the Union Trust Co. disclose nothing regarding this issue.
Rochester Water Works Loan. Rochester, N. Y. A further search of the old records of the Union Trust Co. of New York disclosed the following: In 1869 an Indenture was executed by the Rochester Water Works Company, providing for the issuance of certain bonds known as the Rochester Water Works Loan 6% bonds, due May 1, 1889, and under this indenture the Union Trust Co. was appointed Trustee. A notation on our records states that the company did not construct a water plant and failed to furnish water to the City of Rochester. Apparently the Company failed and no provision was made with the Union Trust Co. of New York for payment of these bonds, as it does not appear that any funds were deposited for the payment of either principal or interest of the Rochester Water Works Co. 6% loan bonds. In view of the above, it is our opinion that the shares are without value.

Name State Date Charter Forfeited

Rome Brass Radiator Corporation. Value of Preferred and Common Stock. The Rome Brass Radiator Corporation was incorporated under the laws of the State of Delaware and was located at 1 East 42nd Street, New York City. On January 22, 1931, the corporation was placed in the hands of receivers. We interviewed Mr. Carpenter of Satterlee & Canfield, attorneys, located at 49 Wall Street, New York City, and received the following information prepared by Ernst & Ernst, Certified Public Accountants. The balance sheet of the corporation for the year ending December 31, 1930 showed the following:—

Total Assets	$84,269.34	
Liabilities		$150,199.64
Contingent Liabilities		
Commitment for purchase of sales rights to Gaertner Radiator		48,184.93
Unexpired leases on leased property		26,265.04
Refund of employees payments on stock subscriptions		2,160.00
Overstatement of radiator capacity at time of sale		6,100.00
On January 5, 1931, the corporation entered into a contract with Revere Brass & Copper Company, whereby it obtained exclusive sales rights for non-ferrous radiation manufactured by that company. A similar contract, cancelled in October, 1930, had been carried on the books at a value of		125,000.00
Total Liabilities		$357,909.61

The Income Statement for the year ending December 31, 1930 showed the following:—

Gross Income	$191,500.11
Deduction	327,900.64
Loss	$135,400.53

Hanson & Hanson, brokers, located at 25 Broadway, New York City, quoted the Preferred Stock on November 8, 1930 at 92 bid and the Common Stock at 2 bid, 5 asked. We were informed by Hanson & Hanson, that they had called Mr. James T. Burns, Secretary of the corporation on the telephone sometime during 1930, and he informed said brokers that the Preferred was worth $92.00 a share and the Common $2.00 a share. It was only on the word of Mr. Burns that the brokers quoted the stock as they did and further stated that they had no order to buy stock at those prices at that time. The above is substantiated by the fact that the Preferred Stock was offered at $4.00 a share in the early part of 1931 with no bids. Mr. James T. Burns informed us that he remembered speaking to said brokers, and informed them that he thought the stock might be worth the prices as stated above, but he knew of no one who would buy the stock at said prices. He further stated that the only stock he knew of that changed hands was sold by the company to employees. Mr. James T. Burns also informed us that Mr. Erskine, the President of the corporation and several others have charged the stock off as a total loss. In view of the foregoing facts, we submit the Preferred and Common shares as worthless as of October 31, 1930.

Rossie Iron Works. Incorporated under the laws of the State of New York on November 22, 1864 and was located at Rossie, N. Y. The corporation was dissolved by Proclamation of the Governor on April 3, 1924. The last public record we found of the company was a stockholders meeting called by J. P. Curtis, Sec'y on May 9, 1896 to be held at Room 84, Drexel Bldg., N. Y. C. We wrote to the Bank of Governeur, Gouverneur, N. Y. the nearest accessible town to Rossie, N. Y. and was informed that the Rossie Iron Works was absorbed by the Wharton Steel Co., and it is likely that all mineral rights are owned by the latter. They further stated that the stock is apparently worthless. We then wrote to the Warren Foundry & Pipe Corp. at Phillipsburg, N. J. successors to Wharton Steel and was informed that they do not know what happened to the stock of the Rossie Iron Works as only the physical properties located in Morris County, N. J. were purchased from the Wharton Steel Co. by Mr. J. Leonard Replogle in the early part of 1917. It is our opinion that the Rossie Iron Works failed and that the properties were acquired by the Wharton Steel Co. at auction.

Routt County Development Co. Value of C. of D. for 1st 6's dated 1914. Under date of July 15, 1917 the bondholders' protective committee addressed a communication to the holders of certificates of deposit substantially to the effect that the committee had been obliged to decide whether to advise the bondholders to accept a total loss or to recommend an assessment upon the bondholders for the purpose of partially constructing and managing the property in the hope of recovering in time a portion of the money invested. Taking into consideration the minimum assessment that would be required, the chance of success, the possibility of contingencies occurring to upset calculations, and the unsatisfactory conditions of the titles and water rights, the committee is obliged to recommend that no expenditure for construction be made by the bondholders. In view of the above it appears that these certificates of deposit and/or bonds have no value.

Roxy Circuit, Inc. Incorporated in Delaware on Dec. 15, 1926, and is no longer in existence, having become inoperative on April 1, 1934. The last report filed in 1931 showed Saul E. Rogers, as Vice President. Mr. Rogers, who is an attorney, located at 580 Fifth Ave., N. Y. C., informed us on Oct. 4, 1937, that the Roxy Circuit, Inc., held leases on buildings used by Roxy Theatres. The latter company was not reorganized until 1937, and according to Mr. Rogers, the Roxy Circuit, Inc., stock could not have been determined as worthless until this year.

Roxy Theatre Corporation. Value of Common and Class A Stock. Incorporated in New York and is located at 7th Ave. and 50th Street, New York City. The corporation was placed in receivers' hands in May 1932, and was turned over to a Trustee in Bankruptcy in June, 1934. In May 1935 the corporation applied to the R. F. C. for a loan as the first step in a reorganization. The Continental Bank & Trust Co. was restrained from continuing foreclosure proceedings as the company applied to reorganize under 77B. The Class "A" shares are quoted at 1/8 for 100 share lots. We do not believe more than two or three cents per share could be realized on these shares as the transfer stamps amount to 7 cents per share. We know of no market for the common stock and believe the shares have no value at this time as it would cost more to sell the shares than could be realized. (9/30/1936.)

Roxy Theatres Corp. (N. Y. C.) It was reported on March 30, 1937, that no provision was made in the promulgated plan of reorganization for general creditors and stockholders as it was believed that they had no equity. It was also reported that if some equity were found adequate protection would be provided for the realization of their interests.

Safety Motor Company. We received the following information from the U. S. Patent Office as follows: ". . . in the matter of the mortgage recorded July 5, 1900 in Liber L-61, page 320 Transfers of Patents, in which the Safety Motor Company was one of the parties in interest, an examination of the records fails to show that any instrument has been recorded since that time which affects the patent property recited in the recorded instrument. All of the property affected by the mortgage appears to have expired and become public property." It appears that the patents secured the first mortgage bonds, and therefore as the property affected by the mortgage has expired, the bonds no longer have any value. We found no value to the bonds and therefore believe they are without value. (Aug. 1935.)

St. George's Lumber Co., Ltd. We received the following letter from the Royal Trust Company Montreal, Canada, dated Nov. 7th, 1934, and signed by Mr. W. E. Bickley, Manager Bond Trusteeships Department. "Replying to your letter of the 1st November, as you probably know this Company defaulted in its Sinking Fund payments in 1914 and 1915, and a notice to this effect was published by the Trustee on the 31st December 1915. A Bondholders' Committee was subsequently formed and an agreement (dated 26th January 1918) was drawn up under which Bondholders were asked to deposit their Bonds with The Equitable Trust Company of New York." "In June 1918, the Bondholders' Committee made a demand on the Company for payment of the principal and interest due on the Bonds because of default in payment of the interest that fell due on the 1st November, 1917, and the 1st May, 1918, and the several Sinking Fund defaults, and instructed the Trustee to take foreclosure proceedings in the event of the demand for payment not being met. Another similar demand was made by the Committee in September, 1918, as representing $90,500. of the Bonds outstanding deposited under the Agreement." "After some negotiations between the Trustee and the Committee with respect to furnishing funds and satisfactory indemnity to enable the Trustee to commence and continue foreclosure proceedings against the Company, the first legal steps were taken in November, 1918, at St. John's, Nfld. through James J. McGrath, the Trustee's Solicitor there. In the negotiations leading up to the commencement of foreclosure proceedings, Daniel Burke, Counsellor at Law of New York, represented the Committee and Victor E. Mitchell, K. C. of Montreal represented the Trustee. It was found that all the property of the Company had not been subjected to the lien of the Bond Mortgage and there was some considerable delay in getting the future acquired property included in the foreclosure." "An action had also been taken by the Committee, represented by Messrs. Seibert & Riggs of New York against the Estate of Augustus E. Knopf to recover under an alleged partial guarantee of the Bonds by Mr. Knopf, who was at one time President of the Company and owner of the controlling interest in the Capital Stock of the Company. In June 1923, however, the Bondholders' Committee entered into a stipulation with the Knopf Estate under the terms of which the action against the Estate was to be placed on the Reserved Calendar and foreclosure proceedings against the Company were to be discontinued upon the execution by the St. George's Lumber Company of a transfer to The Royal Trust Company, as nominee for the Bondholders, of its entire assets consisting principally of Timber Licenses and Water Power leases as well as certain property in Newfoundland. A Memorandum of Agreement was duly executed on the 20th December, 1923, by the Bondholders' Committee, The Royal Trust Company, Trustee, The St. George's Lumber Company, Limited, and the Executrix of the Knopf Estate, and under the same date the St. George's Lumber Company executed a Deed of Transfer to The Royal Trust Company of all its property and rights." "Under the Memorandum of Agreement, the Committee was to endeavour to sell the property and rights but agreed not to make a sale for less than $200,000 before the 1st of May, 1924, without the consent of the St. George's Lumber Company and to give the Knopf Estate the first refusal to purchase at whatever price was offered after the 1st May, 1924. $62,000. of the outstanding Bonds owned by the Company and the Knopf Estate were turned in and cancelled in accordance with the Agreement." "The Committee has, we understand, since that time been endeavouring to find a purchaser but without success. Efforts to find a buyer have also been made by us as Trustee but no prospect has been found and the likelihood of the property, etc. being sold in the near future appears remote. In the meantime the property, licenses and leases remain registered in the name of The Royal Trust Company and Mr. Daniel Burke has been attending to the payment of license fees and taxes. In the event of a sale taking place, the proceeds will, after the settlement of any prior charges, be distributed pro rata among the Bondholders. There are $111,500. of the Bonds still outstanding." "We would suggest that if you require

St. Lawrence Pulp & Lumber Co. Value of 6's of 1933. The properties and assets of the above corporation were sold on May 29, 1934 by public auction and the amount realized from the sale was only about sufficient to pay the claims and expenses ranking ahead of the bondholders. The Trustee in Bankruptcy was duly authorized to hold the sale pursuant to a judgment of the Superior Court. We understand that the Trustee in Bankruptcy expects to complete the final dividend next week. There were, however, other funds set aside for distribution to the bondholders. These funds and any dividends received from the Trustee in Bankruptcy will be distributed in due course. At the present time it is impossible to say what this distribution will amount to. (11/1934.)

St. Lawrence Pulp & Lumber Corp. The assets of the company were sold and there is available $13,970. for distribution to bondholders at the rate of $6.35 in respect of each $1000. bond. No payment is being made on certificates of deposit. (12/1936.)

St. Louis Western Natural Gas Corp. Del. 1936.

St. Louis & Western Railroad. The St. Louis & Western Railroad Company was formerly known as "Laclede and Fort Scott Railroad Company" and that on Sept. 17, 1881 by resolution of the Directors of the latter company, the name of the corporation was changed to the above. The minutes of St. Louis and San Francisco Railway Company however relating to the purchase of the property in question makes reference only to the property of the Laclede Company. Just why that is so, of course, we do not know and it is difficult at this time to find out. A copy of the final decree issued in the Circuit Court of the U. S. in and for the Central Division of the Western District of Missouri, dated March 12, 1888 in which the sale of the property by the Receiver for the sum of $30,000. is confirmed and the proceeds of the sale, which were paid into the said Court, according to the decree were ordered distributed among certain stipulated creditors. The Court ordered that first $3,742.24 of the $30,000. be used to pay the costs of the proceeding and that the balance of $26,257.76 be paid to contractors subject however to a stipulation incorporated in the decree to the effect that the sum of $5,000. was to be paid out of the remainder of the $30,000. received by the contractors to Messrs. Hugh L. Fox and J. R. Kinealy, owners of the First Mortgage Bond referred to in the said stipulation.

St. Louis & Western Railroad Company. St. Louis & San Francisco Railway Co. purchased the property of the Laclede & Fort Scott Railroad Co. It appears that there was an underlying mortgage on the property of the Laclede & Fort Scott. This company in 1881 changed its name to the St. Louis & Western Railroad Co. The latter company issued new bonds in 1881 secured by a mortgage which the court decided was subject to the previous mortgage. Therefore it is our opinion that the bonds of the St. Louis & Western Railroad are without value.

Name State Date Charter Forfeited

San Angelo Water, Light & Power Co. Acq. by American Public Service Co.

San Antonio Copper Company. Incorporated in Arizona in 1908 and was located at Iron Mountain, Michigan, in care of Mr. Geo. J. Eisele, Treasurer. In 1918 operations were suspended and in 1924 the company was reported as dormant. It is our opinion that the property apparently reverted to the Mexican Goverment and that the shares now have no value. The charter expired in 1933.

San Antonio Mines, Ltd. Sold in 1931 to San Antonio Gold Mines, Ltd.

San Antonio Water-Works Co. Bonds were exchanged for First & Ref. 6% bonds of the San Antonio Water Supply Company. Holders that wanted cash were paid upon presentation of their bonds. This matter was handled exclusively by E. B. Chandler, President, and by the new company.

" . with reference to some 8% Collateral Trust Convertible Bonds of the San Geronimo Mines & Metals Corp. I write to advise you that the said bonds were foreclosed in the year 1926 and the assets of the San Geronimo Mines & Metals Corp., were purchased by a Bondholders Committee and subsequently exchanged for stock in Tajos Mines, Inc." "Tajos Mines, Inc., attempted to operate the silver mines in Mexico formerly owned by the San Geronimo Company, but in 1931 they were forced to suspend operations on account of their inability to pay taxes to the Mexican Government. Under the laws of Mexico, the mining properties of Tajos Mines were forfeited to the Mexican Government and the corporation now has no assets and its stock is worthless." San Juan Timber Company. The San Juan Timber Company is located at 68 William Street, New York City in care of Howard O. Wood. According to reports the company owns considerable timber that has no market value. Mr. Wood informed us that the company has no money and can find no purchasers for the timber. The company has not paid any taxes for six months and according to reports the company does not intend to pay any. The officers are satisfied to lose the timber rather than be burdened with a lot of taxes. In view of the above, we believe the notes have only a nominal value and the stock was worthless as of April 15, 1932.

San Pedro Gold Mining Company. Company was incorporated in Colorado on June 21, 1902. Capital stock authorized $5,000,000, outstanding $4,600,000. par $1. Property described as consisting of 500 acres in Ouray County, Colorado. In 1907, company reported an office at Ourway, Colorado, and also at 79 Wall Street, New York City. Last known officers—L. A. May, president; Charles B. Burt. secretary and treasurer. Many years ago this stock sold on the New York Curb and as of June, 1907, sold at 11 cents a share. On September 9, 1922. 3,000 shares sold at auction in Philadelphia for $2. the lot and on September 27, 1915, the company was declared defunct and inoperative and the stock worthless. We do not consider this stock of any value.

San Pedro, Los Angeles & Utah Railroad. Value of bonds Nos. 36 and 37. Our records disclose that this road was organized in 1887 and in 1888 changed its name to the Pasadena Railroad. The property of the latter was sold at sheriff's sale about 1892 for $300. The bonds are without value.

San Rafael El Grande Mining Company (Me.) Organized in 1903 and lost its charter in 1915.We found no value to the stock.

San Ramon Mining & Milling Company. Incorporated in Arizona on July 22, 1905 and has failed to file reports since 1926. The company's charter expired by limitation in 1930. We found no record of this company's operations, and are inclined to believe that the shares have no value. However, we will be glad to check further if your certificate discloses where the company's property was located.

San Sebastian Development Corp. Value of Land Ownership Cfts. Incorporated in Florida and was located at West Palm Beach, Florida. Mr. J. G. Pembleton, attorney, and former Sec'y of the company, now (1925) located at 165 Broadway, N. Y. C., informed us that the company has been dormant for about five years, having lost practically all of its property through foreclosure. The property that the company may hold title to at this time will eventually be sold for taxes, if it has not already been sold. The land ownership cfts. are considered worthless, for the reason that the accrued taxes on the property that the company may hold title to at this time exceeds the present saleable value of said property. Therefore, we believe the land ownership cfts. are without value. (3/14/1935.)

Santa Emilia Copper Company. Incorporated in Delaware September 28, 1899 with a capital of $1,000,000, and had an office at 60 Wall Street, New York City. The company's property consisted of 83 acres in the Tacambaro district. Officers—John A. Kennedy, president; Albert J. Peyton, vice-president. A report in 1907 stated that the mines had not shown ore in payable quantities, but the management was said to consider the situation encouraging. In 1911 it was reported that this company was controlled by the same people that promoted the Natividad Mining and the Dona Louisa Copper & Gold Mining Company, which were swindles, and apparently this company is but little better, at last accounts the company was reported idle and presumably moribund. We believe the shares are worthless.

Santa Fe Electrical Company, Inc. N. Y. 1935.

Santa Fe Gold & Copper Mining Co. Incorporated in New Jersey on January 21, 1899 and lost its charter in 1921. The charter was reinstated in 1922 and is located at 1 Exchange Place, Jersey City, N. J. Mr. Herman Osendorf, President of the Company, informed us on July 13, 1937, that the company is now being operated by a Trustee in Bankruptcy appointed in April by the U. S. District Court for the Southern District of New York. The outlook at present is not encouraging. In view of the above we believe the shares have only a problematical value.

Santa Fe Mining, Milling & Smelting Co. Incorporated in Colorado and expired by limitation on Nov. 9, 1921 and has not been renewed. We made a thorough search of our mining records back to 1903 and found no record of this company's operations. It is our opinion therefore that the company never progressed beyond the development stage and that the shares are without value as of July 10, 1934.

returns became quite poor. The mine manager went crazy due to the tropical climate and the whole venture failed. The shares in our opinion have no value.

Santa Rita Pharmacy. N. J. 1937.

Santa Rita Silver Mining Co. of Nevada. Incorporated in New York and was dissolved by Proclamation of the Governor. We found no value to the stock and therefore believe the shares are without value.

Santa Rosa Fisheries Syndicate. Reported to have been incorporated in Florida, but it appears that the company never completed its organization. The following is an article reported by the Financial World several years ago. "Investors should be aware that syndicates before they can properly claim profits must first be certain they will make the grade, otherwise their calculations are in no different class than the oil promoter who figures his earnings on a percentage basis of production which he has not, but gambles on getting. This financial truism is laid down here for the benefit of some of our upstate subscribers who have been approached by a New Yorker who is selling units in the Santa Rosa Fisheries Corp. syndicate with the understanding that they are to be exchanged for five shares of stock for each unit dollar value. So far as we can judge the concern must still go fishing for its fish to make the profits that will express themselves in the stock. Until then it is as much an outside speculation as is most anything in an infantile stage. We are not much impressed with this promoter's claim that others in the business have made as much as 100% profit per annum. Most of these enterprises which have been recently promoted from a public investment standpoint have turned out frosts." It would appear that the shares are without value.

Santa Rosa Gold Mining Co. Incorporated Wyoming and lost its charter in 1927. The company never filed a report.

Santa Rosa Vineyards Company, Inc. N. Y. 1935.

Santander Co-operative Apartments. N. J. 1934.

Santander Navigation Corporation. Value of 500 shares of capital stock. Incorporated under the laws of Delaware and is in existence with offices at 17 Battery Place, New York City. A letter addressed to the company at 17 Battery Place, New York City regarding its status as of March 7, 1935 was answered by the Colombian Steamship Company of the same address as follows: "There have been no offers on the shares for more than three years. The company has been inoperative and believe that the mortgage indetedness of the company would eliminate any value as far as the shares of the company are concerned." In view of the above, I submit only a nominal value for the shares as of March 7 1935.

Savannah River Lumber Co. Adjudicated bankrupt on Nov. 2, 1931. Trustee in bankruptcy, W. E. Dunham of Savannah, Ga., informed us on Sept. 13, 1934, that the operation of the company under trusteeship has not shown any profits and as far as he can state now he doubts seriously if anything can be salvaged on the stock.

Savannah River Lumber Company. The Savannah River Lumber Corporation, located at Savannah, Ga., informed us on April 5, 1937 as follows: "We have your letter of April 2, asking for a report on the present status of the Savannah River Lumber Company, and we wish to advise you that the Savannah River Lumber Company was adjudicated a bankrupt on November 2, 1931." "On July 28, 1936, the Company's assets were purchased by the creditors and a reorganization effected. The claims of the creditors amounted to approximately four times the admitted assets of the bankrupt and the status of the old Company's affairs was such that both the Preferred and Common stock were worthless. As a result, neither the preferred or common stockholders were represented in the reorganized company."

Schulte Real Estate Co., Inc. Plan of reorganization dated Sept. 10, 1935 was approved and confirmed by order of U. S. Court for the Southern Dist., of N. Y., entered May 9, 1936 and consummated on Feb. 10, 1937, pursuant to orders of the Court dated Dec. 18, 1936.
Schulte United Five Cents to $1. Stores Inc. A voluntary petition in bankruptcy was filed in Federal District Court by the company on March 6, 1931. No schedules of assets or liabilities were filed. The company was at that time a creditor to the extent of approximately $15,000,000. of Schulte-United, Inc. On March 8, 1931 the company filed schedules in bankruptcy listing liabilities of $10,501,050. and assets of $16,772,981. of which $16,634,184. was said to be due from Schulte-United, Inc., for money loaned plus interest. Of the Liabilities $10,479,750. it was reported were unsecured. A settlement of $3,965,000. was offered and this was accepted by the creditors in Oct. 1931. The Irving Trust Co., receiver, estimated in November, 1931 the realizable value of the assets according to an audit by accountants was $2,400,000. The creditors received 22.62% of their claims leaving no equity for the capital stock. Wicker & Neilson, attorneys, located at 60 Broadway, N. Y. C., informed us that the company was adjudicated a bankrupt on Feb. 28, 1931. All of its assets were sold on Dec. 31, 1931 for a sum insufficient to pay its creditors in full. There were no funds available for distribution to stockholders. The Common & Pfd. shares are therefore worthless.

Seaboard Public Service Co. Incorporated in Delaware on Sept. 5, 1928 and was adjudicated a bankrupt by order of U. S. District Court, Southern District of New York, on July 8, 1932, and on July 25, 1932 the Irving Trust Co. was appointed trustee in bankruptcy for the company. On Sept. 21, 1934, at a creditors' meeting held before Referee in Bankruptcy, Irwin Kurtz, at New York, the American Electric Power Corp. through a subsidiary the Pennsylvania Gas & Electric Corp. bought slightly less than majority control in the Seaboard company's subsidiary, Florida West Coast Ice Co. On June 21, 1935, in a letter to holders of the company's $6. preferred stock, a committee headed by E. L. McBride stated: "All efforts looking to a reorganization of the company failed and the trustee in bankruptcy has proceeded with the liquidation of its assets. While this has not been completed, creditors' claims which have been allowed to date on this proceeding, amount to several times the realized and realizable liquidation proceeds, thus leaving nothing for distribution to the preferred stockholders." The stock of this company was actively quoted in 1932, and 1933. We do not believe a complete loss could have been taken until 1934 or 1935.

Seaboard Utilities Shares Corp. Mr. Arthur F. Bickford, Receiver, located at 31 Milk St., Boston, Mass., informed us on January 7, 1937 that he was appointed receiver on April 12, 1935. The inventory filed at that time showed assets valued at $77,379.17. In addition there are claims against the directors for improper management and against C. D. Parker & Co. Inc. which is also in receivership. It is difficult to state at this time (Jan. 7, 1937) what eventually will be realized for the stockholders due to litigation now pending.

Seaboard Utilities Shares Corp. Mr. Arthur F. Bickford, Receiver located at 31 Milk Street, Boston, Mass., informed us on January 7, 1937, that he was appointed receiver on April 12, 1935. The inventory filed at that time showed assets valued at $77,379.17. In addition there are claims against the directors for improper management and against C. D. Parker & Co., Inc., which is also in receivership. It is difficult to state what eventually will be realized for the stockholders due to litigation now pending. We received the following letter from Mr. Bickford dated January 8, 1938. "I acknowledge receipt of your letter of Jan. 4th." "Litigation is still pending and it is impossible to state what the stockholders will receive in liquidation until this is settled. The value of your client's shares cannot be stated until all affairs of the Receivership have been satisfactorily settled and such settlement approved by the State Court."

Seaconnet Mills, Inc. Value of Capital Stock (Par $100. Each). Incorporated in Massachusetts in 1884, and was located at East Warren Street, Fall River, Massachusetts. The property of the company was sold under foreclosure sale in March. 1927, and was taken over by the Howard-Arthur Mills. The creditors of the Seaconnet Mills, Inc., only received 4 per cent of their claims, leaving nothing for the stockholders. Therefore, we submit the Capital Stock as worthless as of December 4, 1931.

Searington Corporation (N. Y.) Value of Capital Stock, No Par Value. Mr. Wayne Johnson, an attorney, located at 1 E. 57th St., N. Y. C., informed us on July 28, 1937, that there were sales of this stock from $2000. to $3000. per share, and the sales did not exceed $3000 per share in the last five years. The club has one hundred members and the expenses are shared equally each year which amounts to about $400 per member. In view of the above, I believe that $3000 was a fair value for one share of stock as of January 8, 1937.

Seaview Golf Club. Incorporated in New Jersey and is located at Absecon, N. J. Mr. George H. Bliss, Manager, of the club informed us as follows on April 21, 1937. "I wish to advise you that Seaview Golf Club stock has but a nominal value. Formerly all members of the Club were required to purchase a share of stock from the Club, qualifying them for membership. As a practical matter, this was an initation fee and was so treated by the Federal Government. Several years ago this requirement was changed, so that at the present time members pay an initiation fee. In other words, a share of stock is no longer necessary to qualify for membership." "There never was an open market for the stock. As a matter of fact, no sale of the stock has ever come to our attention. We have always advised the estates of deceased members to inventory the stock at a nominal value. It is true that in a dissolution the stock would share pro rata with all other stock in the assets of the Club, but this contingency is so remote that it does not affect the value of the stock."

Second Street Improvement Company. The Second Street Improvement Company is in liquidation. It originally owned a large amount of real estate adapted to industrial purposes, but not readily marketable. It also owed a lot of money against it. The property has all been sold with the exception of one tract, and the debt of the company has all been paid. A partial distribution was made to the stockholders at the time the shares were reduced from $100. to $10. The company has a few Government Bonds and a small amount of cash on hand in addition to the one piece of property remaining. They have been unable to find a purchaser for this piece of property, although they have tried persistently. Whenever that property is sold and the sale turned into cash final distribution of the assets of the company will be made. The probabilities are that the stock of the company is worth some where between five and ten dollars per share. The proper place of presentation of the shares for payment of the dividends when declared, is to John A. Prescott, 918 Baltimore Ave., Kansas City, Mo. (2/1930)

Self Winding Watch Co. of America. We received the following letter from the Perpetual Self-Winding Watch Company, 590 Madison Avenue, New York City, dated January 17, 1938 and signed by Paul Zwillinger, Vice President. "Quite a few years ago, when this firm was organized either it or a subsidiary, used a name similar to the one which you mention in your inquiry. After a very short time it was found that said name was similar to the name of an established firm manufacturing electric clocks and therefore its use was discontinued."

Seneca Copper Corporation. The Peninsular Copper Co. of Grand Rapids, Mich. organized by bondholders of the Seneca Copper Corp. was the successful bidder on May 4, 1938, in a sale of the Seneca's assets at Eagle River, Mich. The property was ordered sold by the U. S. District Court at Grand Rapids.

Seneca Copper Corporation. Value of capital stock. Incorporated in New York on Dec. 27, 1916 and went into receivers' hands on April 12, 1924. In August, 1925 all the real, personal and mixed property of the company was sold to the reorganization committee. In consideration therefor the Seneca Copper Mining Co., issued one share of its no par stock for each old share plus an assessment of $6. in cash. The assessment was payable in 1925. All shareholders that did not pay the assessment when due were barred from receiving stock of the new company. Therefore, any outstanding shares are now worthless. The new company went into receivers' hands in 1931. The last known address was 225 Broadway, N. Y. C., in care of J. B. Cotton, an attorney.

Servel Corporation. Manufacturers of electrical refrigerators. 51 East 42nd St., New York City. Courtlandt Nicoll and Frank E. Smith appointed under $25,000. bond by Judge Goddard upon complaint of Thomas R. Pugh, a creditor, on notes amounting to $10,000. and upon consent of the debtor corporation which was incorporated under the laws of Delaware and a pioneer company in the manufacturers of electrical refrigerators. According to the complaint, in 1926 the corporation entered into a trust agreement with the Central Union Trust Co. for the issuance of $5,000,000. of 6% notes to finance the business and substantially all of these notes are outstanding. The complaint lists the following banks as participants in the note issue and creditors for the sums indicated.

Chase Natl. Bank	$1,000,000.
Central Union Trust Co.	850,000.
Natl. City Bank	900,000.
Natl. Bank of Commerce	850,000.
Guaranty Trust Co.	600,000.

The assets of the company consisting of interests in subsidiary companies and amounts due from these companies and amounts from patent rights are stated to be in excess of $9,000,000.

Service Finance Company. Incorporated in Delaware and was engaged in automobile financing with its principal office located at 1775 Broadway, New York City. As we understand it the company gave up their financing business and invested their capital in the First National Bank of Commerce, located at Tarpon Springs, Florida. Mr. Charles I. Dwiggins, receiver of the bank, informed us that this bank was closed on March 4th, 1933. A conservator was appointed for the bank and served in that capacity from March 20, 1933 to October 26, 1933. The bank was then declared insolvent and placed in the hands of Mr. Dwiggins to liquidate. Two dividends of 25% each have been paid to the general creditors. A 100% assessment was levied against the stockholders of the bank by the Comptroller of the Currency of the U. S. Under such circumstances it is reasonable to assume that the stockholders would not realize anything on their stock. In view of the fact that the bank was declared insolvent and a 100% assessment was levied on the stockholders in 1933, it is our opinion that the shares of the First National Bank of Commerce of Tarpon Springs first became worthless in the year 1933. Therefore, as the entire assets of the Service Finance Company became worthless in 1933, it is our opinion that the stock of said company first became worthless in that year and the investment should be allowed as a deduction for that year. (2/7/1936.)

Service Finance Company. Supplementing our report rendered on this company dated Feb. 7, 1936, the Delaware Charter of the Service Finance Company was proclaimed forfeited by the Governor of Delaware in January, 1931. We received the following letter from Joseph M. Young, located at 1775 Broadway, N. Y. C. dated June 22, 1936. "Pursuant to your request, I cannot find that a balance sheet was prepared on the above company for the year ending Dec. 31, 1932. However, as president of the company, I know that the Service Finance Corp. as of Dec. 31st, 1932 held a controlling interest in the stock of First National Bank of Commerce of Tarpon Springs, Fla. and some nominal liabilities which were subsequently paid." There is independent authority that where a bank failed and was taken over by the State Supt. of Banks, who made a call in that year upon stockholders for payment of the additional liability, the call is a satisfactory showing of the determination of worthlessness of the bank stock in 1936, C. C. H. Federal Tax Service, Paragraph 198. 045, pages 658 and 659.

The wells upon the leases owned by the Settled Production Company have in several instances ceased to produce oil in paying quantities, and receipts during the past few years have not been sufficient to warrant the payment of dividends. There is no market for this royalty and little revenue can be expected until the companies owning these leases begin to develop them. (1935.)

Shale Oil Machine & Supply Co. Incorporated in Colorado and was advertised as defunct and inoperative on Oct. 11, 1930. We know of no value for the stock.
Shale Products Company. Value of preferred stock, par value $1.00. Incorporated under the laws of the State of Delaware and changed its name to Unitah Chemical Co., Inc. by amendment filed September 10, 1928. The latter company is no longer in existence, having become inoperative and void on April 1, 1931, and has not been revived. I found no value to the stock and therefore believe the shares were without value as of February 15, 1935.

Shasta May Blossom Copper Co., Cons. We received the following letter from the Water Project Authority of the State of California, signed by A. D. Edmonston, Acting Secretary, and dated Oct. 13, 1937. "The property of this company lies within the site of the Kennett reservoir of the Central Valley Project now being constructed by the United States Bureau of Reclamation. The property has not been purchased by the State of California or any other agency so far as we know. The Bureau of Reclamation now has men at work in the field appraising properties required for the reservoir site, but we have no information as to when offers will be made for their purchase."

Shasta Zinc and Copper Company. Incorporated in Delaware and lost its Charter in 1928. Mr. R. B. Hindle, located at 25 Broad Street, New York City, informed me on March 30, 1938, that this company owned an old zinc mine in Shasta County, California. The company was unsuccessful, and was finally sold to the Glidden Company, upon condition that they assume all the taxes. The result was that the company was left with no assets, and the bonds and stock were wiped out.

Sheffield & Birmingham Coal, Iron & Ry. Co. D. D. Shelby gave out a report in 1890 that he would pay the bondholders any proceeds he received from the sale. Our records show that $2.87 was paid on each $100. bond. The U. S. District Court at Birmingham, Ala. says that the proceeds of the sale were credited on certain debts, judgments, etc. and that no money was paid into their court to cover unpresented bonds.

Sheldon Mining Company. Incorporated in Arizona on March 29, 1916. The annual report which was filed for the year 1935 shows the following officers: President, H. R. Lathrop, 185 Montague St., Bklyn, N. Y.; Secretary, C. A. Hastings, 71 Evergreen Pl., East Orange, N. J. The shares have no market at this time and therefore submit only a nominal value for the stock.
Sheldon Mining Company. Henry R. Lathrop, 185 Montague St., Bklyn., N. Y. informed us on June 25, 1935 that the stock of this company is practically worthless.

Shelter Island Heights Association. Stock. Only sales of stock of this corporation made during the past five years have been at the rate of $10 per share. The stock seldom changes hands and is not one for investment. It pays no dividend. The president, Charles A. Angell, has purchased a few shares from estate principally, from time to time at the rate mentioned namely $10. The operation is a summer community and officers serve without compensation. We believe $10 per share as a fair valuation as of January 5, 1929.

Silbert Consolidated Mining Company, Ltd. Incorporated under the laws of Ontario and in 1909 reported an office at 20 Kink Street, East, Toronto, Ontario. It would appear that this company has been inactive for a number of years, for the name of the company has been removed from the current files of the Provincial Secretary of Ontario for failure to file returns. It is our opinion that the company is out of existence and the stock worthless as of January 27. 1931.

Silent Writing Machine Co. Incorporated in New York in 1908 and held a controlling interest in the Noiseless Typewriter Co., that was located at Middletown, Conn. Remington Rand Inc., of Buffalo, N. Y., informed us on March 16, 1937 that both of these companies have long gone out of existence and that their stock is worthless. Mr. J. A. W. Simson, Secretary of Remington Rand, Inc., informed us on March 23, 1937 as follows: ". . . . upon referring the matter to individuals who know the corporation history of the Noiseless Typewriter Co., I am informed that such company sold all of its assets during the year 1924 and that shortly, thereafter, the company liquidated. Noiseless Typwriter Co., was not owned or controlled by Remington Rand, Inc., Remington Typewriter Co., or Remington Noiseless Typwriter Corp., as the records of such company did not disclose anything which would give me any information as to the liquidation value of the Noiseless Typewriter Co., stock." "The old Remington Noiseless Typewriter Corp., did acquire the assets of the Noiseless Typewriter Co., but did not acquire any of its stock. I am informed however, that said stock is valueless at the present time." In view of the above we believe the shares of Silent Writing Machine Co., and Noiseless Typewriter Co., are worthless.

Silver Leaf Mining Co., Limited. Mr. Norris P. Bryant, President of the company, located at Dominion Square Bldg., Montreal, Que., reported on April 20, 1938, that the shares have no market value. No operations have been carried on at the company's properties for years, and there is no immediate prospect of resuming.
Silver Leaf Mining Company Ltd. Bryant & Co., brokers located at Dominion Sq. Bldg., Montreal, Que. informed us on August 24, 1936, that the company has been inactive for years. The company has complied with necessary requirements to keep its charter in force and taxes paid up to 1936. The shares are offered at 50 cents with no bids.
Silver Leaf Mining Company, Limited. Incorporated in Ontario and filed its last annual return on May 1, 1935. The office was located at Box 47, Cobalt, Ontarion, and the name of the Treasurer is Gordon H. Benson, 2284 Wilson Ave., Montreal, Quebec. Letters addressed to Mr. Benson have not been answered nor returned. The company's development work was disappointing and in 1927 operations were suspended. There is absolutely no market for the stock and believe the shares have little if any value. (1936.)

Simpson Coal Company, Inc. Incorporated in New York, April 12, 1919. Address 35 Nassau Street, New York City. This corporation was dissolved by proclamation of Secretary of State, December 16, 1929. In the New York Co-partnership 1922 it was reported no information available. We found no value to the stock and therefore believe the shares are without value.
Simpson, Crawford Corporation. Incorporated on April 2, 1914, in New York and acquired the assets of the Simpson-Crawford Company, which owned the entire capital stock of the Simpson Realty Company. The company announced on April 8, 1915, that the corporation would go into voluntary liquidation. The store closed on June 12, 1915 and the merchandise stock was sold to Gimbel Brothers. The property of the Simpson Realty Company was foreclosed on Jan. 3, 1916, and not enough was realized from the sale of said property to pay the first mortgage

in full. The liquidating agent for the corporation informed us that they are holding funds to cover liquidating payments at the rate of 59% on outstanding first preferred stock. In view of the fact that the first preferred stock was not paid in full there was no equity left for the junior issues, and submit them as worthless. Therefore we submit the second preferred stock, common stock and scrip for common stock, as worthless as of November 24, 1933 and as of the present time. Voting Trust Certificates for first preferred stock and scrip for first preferred stock were worthless as of November 24, 1933 and as of the present time if they are stamped as having received 59%, the total amount paid in liquidation. If the certificates are unstamped they had a value of $14.75 per share as of November 24, 1933 and as of the present.

Simpson Crawford Corporation. Liquidating payments on the stock were made by the Franklin Trust Company, New York City, now National City Bank.

Simpson Creek Coal Co. (W. Va.) Preferred stock has a liquidating value of $97.65 per share. Common stock received $1.15 per share. There may have been more payments on the preferred stock.

Simpson Creek Coal Company. Mr. Ryan of the Central Hanover Bank & Trust Company of New York City, informed us on May 2, 1938, that there is now no preferred stock of this company outstanding. There also is no common stock outstanding now as certificates of deposit have been issued for same. These C/D's are a participation in a purchase money mortgage of the Simpson Creek Collieries Co. Notes have been extended to 1951-70. In 1930 the holders of the C/D entered into an agreement with the company whereby they agreed to take interest one half in cash and one half in certificates of indebtedness.

Simpson Creek Collieries Co. We were informed on April 7, 1937, as follows: "Answering your inquiry, it is our understanding that based on the notes of the Simpson Creek Collieries Co., which the Trustee is holding these Participating Certificates have a value of approximately $38. per share, depending entirely upon the notes being paid out in full." "Due to the condition of the coal industry it is pretty hard to fix a definite value, but it is our feeling that the above value could be substantially reduced in view of the fact that these notes have been recently refinanced, interest extended, etc." "For your further information we wish to advise that the stock in the aggregate of 20,000 shares now outstanding is secured by $772,350 principal amount of 6½% purchase money notes of the Simpson Creek Collieries Co." "Each February 1, beginning 1938 to and including 1950, principal amount of $50,000 of the above purchase money notes become due and on February 1, 1951, $57,350. principal amount of notes become due. The above sums are to be pro-rated to the certificate holders of Simpson Creek Coal Company as a payment account of principal on the stock, so that in February 1951 providing all payments on the principal amount of notes are made by the Collieries Company, the holders of the participation certificates of stock will have received $38.6175 per share against the surrender of their stock. For further information we wish to advise that all monies heretofore received account interest on outstanding participation certificates have been disbursed semi-annually on February and August 10 each year.

Sodamat Corporation. Incorporated under the laws of the State of Delaware on March 26, 1926, and is no longer in existence, having become inoperative and void August 1, 1932, and proclaimed by the Governor, January, 1934, for non-payment of taxes. Certificate of Incorporation was filed by the Colonial Charter Co., 927 Market St., Wilmington, Del. The last annual report filed for the year 1932, showed the following: President, F. E. Gray, 25 W. 43 St., N. Y. C. Vice-Pres., W. H. Oliver, Ossining, N. Y. Secretary, C. H. Giles, Woodside, L. I., N. Y. Treasurer, L. N. Moss, New York City. Directors, Edw. J. Wilson, Peekskill, N. Y., A. W. Rose, Huntington, N. Y., Geo. H. Corey, Katonah, N. Y., O. M. Corwin, Bklyn., N. Y., Paul McCoven, New York City. We have been unable to locate any of the above officers. As the company was inoperative in 1932, it is our opinion that the stock became worthless about that time. Mr. Louis J. Elias, located at 120 W. 42nd St., N. Y. C., informed us March 30, 1938, that this company went into bankruptcy. We know of no value to the stock.

"We have done the best we can in trying to run down some information concerning the above company about which you asked in your letter of May 11, but have been unable to get anything that might be helpful. The company was formerly in the Pacific Finance Bldg., and from there moved to the Richfield Bldg. Upon inquiry to the office of that building we find that they are not at present tenants in that building and there seems to be no trace of the movements of the company from that point on. We also checked with the Dept. of Corporations in trying to find some record of the company, but we were told that that department has no trace of this firm in its files."

Somerset Oil Association. The Somerset Oil Association was organized to operate the Somerset Field, Texas, and had their principal office at 314 Guntor Bldg., San Antonio, Texas in 1919. The following were the last reported directors: Charles J. Ernst, J. H. Graham, J. L. Burd, J. L. Ulrich, C. C. Shoats, Robert P. Schermerhorn. I was unable to find any trace of the company since 1919 and therefore believe it had lost its leases through failure to strike oil and went out of business. It is my opinion that the shares were worthless as of July 23, 1933.

Sonny Boy Lode Great Bear Lake Mines Limited. Incorporated in Canada and is located at 503 General Assurance Bldg., Toronto, 2, Canada in care of Harry J. Martin, an attorney and President of the company. Mr. Martin informed us as follows: In reply to your letter of April 22nd, I beg to say that the Properties of this company consist of 15 unpatented Mining Claims, comprising in area approximately 900 acres in the Coronation Mining Division of Great Bear Lake, North West Territories, Canada. The company owns the claims but the company has no money and the money required to do the assessment work necessary to protect the title of these claims, will have to be put up by the chief shareholders or promoters of the company. There is no market value for the shares so far as I am aware." (1935.)

Sonoma Magnesite Company. Value of stock dated 1916. Incorporated in South Dakota. It was reported in 1919 that the company's business was new in this country and that the stock was a speculation. We searched our records back to 1919 and found no further trace or record of the company. It is our opinion that the shares have no value.
Sonora Arizona Reduction Company. Inc. in Arizona in 1907 and expired by limitation on July 1, 1932.
Sonora Consolidated Mining Company of Bodie District, Calif. Incorporated in New York in 1879 and lost its corporate existence by proclamation. We searched our mining record for 1898 listing all patented claims in the Bodie District of California and found no record of this company. We believe that the company failed before 1898. We found no value to the stock and therefore believe the shares are without value.
Sonora Exploration Company. Incorporated in Arizona in 1904 and its charter expired by the 25 year statutory limitation on August 3, 1929. The shares in our opinion are without value.
Sonora Exploration Company. Incorporated in New Jersey and went out of existence in 1904. The shares were reported as worthless by our company in 1911, and therefore submit them as such as of this time. (1934.)
Sonora Mining Company. Value of stock dated 1884. Incorporated in New York and had an office in New York City in 1887. Our records dated 1911 state that the company had dissolved at which time no value was found for the stock.
Sonora Oil & Gas Co. (Del.) Last report filed on Nov. 7, 1934 in Okla. as a foreign corporation. The right to do business was cancelled on Dec. 19, 1935. The company apparently went out of business in 1935. We found no value to the stock.

Sonora Products Corp. of America. The Irving Trust Company of New York City, informed us as follows on November 12, 1937: "In December 1929, Sonora Products Corp. of America, was petitioned into bankruptcy and we were subsequently elected Trustee. The assets of the bankrupt estate were disposed of during 1929 and 1930, and the only matter which prevents the closing of the estate is the collection of amounts for which former officers and directors were held liable in an action brought by the Trustee against them. Compromise settlements, approved by creditors, have heretofore been effected with two of these persons, and there now remains the collection of amounts due from two others. Just how soon this can be done, and what amounts will be recovered, cannot at this time be determined. Before any distribution could be made to stockholders, the claims of general creditors would have to be paid in full as well as administration expenses. The general claims filed and allowed against the estate approximately $1,900,000 in which dividends of 27½% have so far been paid.

So. American Gold Mining & Development Co. Organized under laws of West Virginia in 1896 with capital of $5,000,000. In 1905 the directors were, George E. Brown, 10 Wall St., N. Y. C.; Arthur Kenny, 430 West 14th St., N. Y. C.; J. S. Hanshe, Fort Lee, New Jersey; Harry F. Ives, 10 Wall Street, N. Y. C.; J. T. McCarrier, 56 Pine St., N. Y. C. In 1905 a search was made for the company and none of the above officers could be located and in view of the fact that the company had not filed a report with the Secretary of State since incorporation it was presumed that the company was not operating and out of business. In 1901 the company had an office at 220 Broadway, New York City. No trace of the company can be found for a great many years and as there are no public sales or quotations, we consider the stock valueless. (1934.)

South Carolina Gas & Electric Co. The Southern Public Utilities Co. of Charlotte, N. C. informed us in 1934 that all the property and assets of this company were sold at public auction under court decree of foreclosure and sale in Dec. 1928. The purchase price of $4,200,000, was insufficient to pay the outstanding mortgage indebtedness, leaving unsecured claims and stock without value.

South Carolina Railway Company. First Cons. Mtge. bonds. The South Carolina Railway Company existed a great many years ago. It was absorbed by the Southern Railroad not long after it was organized. At the time the Southern Railroad took over this company, a representative of the Circuit Court here, went to New York, with an attorney from this city, to look after the matter. There all bonds of this company had to be verified and proved. This was done, and all of the proved bonds were paid their pro-rata share of the proceeds of the sale of this road, which we believe amounted to about $128. per $1000. All of the proceeds were disbursed at that time.
South Carolina, State of. Value of 6% Bond No. 759 Loan for the Conversion of State Securities. The Treasurer of the State of South Carolina informed us that Bond No. 779 is not represented by bonds on file and is of a fraudulent issue declared by Act of 1873 to have been "put upon the market without any authority of Law" and is absolutely null and void.
South Carolina, State of. In December, 1873, the State of South Carolina passed an "Act to Reduce the Volume of the Public Debt", called the "Consolidation Act." This Act declared null and void $5,965,000. Conversion Bonds as having been illegally put on the market, and provided that bonds and stocks for $9,886,627 (being the remainder of the total debt of October 31, 1873) should be funded at 50% of their face value and interest from 1872. Thereupon this $9,886,627 of debt was funded at 50% into new 6% "Green Consols" dated January 1, 1874, due July 1, 1893. Over one half the old debt had been funded at 50% into the new 6% "Green Consols" dated January 1, 1874; due July 1, 1893, when in 1877 the question was again raised concerning the validity of certain of the old securities, which resulted in funding all over again under the "Consolidation Act of 1873". Invalidity was discovered to exist to a considerable extent among the "Green Consols". All those therefore wholly valid, and the valid portion of those declared tainted, were exchanged at par with interest to July 1, 1878, for new bonds printed from the same plates as the "Green Consols", but colored "Brown" to avoid confusion with previous issues. With reference to the $13,500. (par) State of South Carolina 6% Consolidation Bonds due 1893 which you hold, we would suggest that you write to the State Treasurer, Columbia, South Carolina, requesting information

as to whether or not the specific bonds held by you are a part of the valid "Green Consols" or are they exchangeable for the "Brown" bonds. In writing be sure and give full description of bonds and amounts.

miles. The company also operated, under lease, branches to Rockaway Beach and Hempstead, 15 miles. A report of this company dated Sept. 30, 1873 showed earnings of $448,410.44 and expenditures of $680,777.13 before interest of $257,631.55 and Federal Taxes. This road was sold under foreclosure on Sept. 16, 1874 and reorganized as the Southern (L. I.) Railroad. In the statement issued on Sept. 30, 1875, Southern Railroad of Long Island listed this mortgage as a liability. Apparently the bonds were assumed. In 1888 it was reported that the mortgage of $1,500,000. Second mortgage 7% bonds due 1900 and Southern Railroad of Long Island 7's due 1879 of $405,000. had been foreclosed in 1879. We understand that the company was reorganized as the Brooklyn & Montauk Railroad. In a notice dated June 5, 1880, the holders of the sinking fund bonds of the South Side Railroad Co. were notified that certificates of preferred and common stocks of the Brooklyn and Montauk Railroad Co. were ready for delivery at the Gallatin National Bank, N. Y. C. on surrender of receipts issued on the deposit of bonds and on payment (if not already paid) of the assessment of $10. per $1000. bond. The Brooklyn & Montauk Railroad was leased to the Long Island Railroad for 50 years.

South Side Railroad of Long Island. We received the following from the Long Island Railroad Co's, assistant treasurer, located at 1617 Penna., Blvd., Phila., Pa. "Supplementing my letters to you dated Oct. 22, 1936, and July 23, 1937, regarding the present status of South Side Railroad of Long Island First Mortgage 7% Sinking Fund Bonds, due May 1, 1900." "I have now been advised by our General Attorney in New York that he has had a thorough eximination made of the available records bearing on the validity of the bonds and from his examination and study has definitely concluded that whatever rights the holders of the remaining outstanding bonds may once have had, have long since been barred by one or another of the several provisions of the statute of limitations applicable to such rights, and that the bonds are now valueless."

South States Utilities Company. Value of 5½% Notes. We received the following letter from the Chicago Better Business Bureau, 111 W. Washington St., Chicago, Ill., dated Dec. 28, 1937. "We were just able to reach Arnold Duncan today and he supplied the following information. There has been no balance sheet issued in recent months, and there really was no reorganization plan. The company is a holding company and filed a bankruptcy petition in Baltimore some time ago. There are three subsidiary companies, one in Indiana having been liquidated and there are two others in process of reorganization; one in Mississippi and one in Alabama." "The notes are unsecured. Duncan states that about 90% of them were used with the creditors and the remaining 10% used in the business for operating expenses as we understand it. Duncan was not very optimistic about the future value of the notes and would not quote any figure as of the present. It will probably be necessary to make an offering through some stock firm in order to determine whether there is a market. We realize that this is not a complete answer, but do believe we can do much better." Inquiries regarding the bonds of this company should be directed to W. Southern Cities Supply Corporation. The Southern Cities Supply Corporation was incorporated under the laws of the State of Delaware and had its principal place of business at Fox Station, Alabama. In 1930, a receiver was appointed by the U. S. District Court of Alabama and on April 12, 1930 the property was sold for $40,300. to the Stevenson Brick Co. Shortly after the sale, Mr. Stevenson gave Mr. Lynn E. Wolfe, President of the Southern Cities Supply Corp., an option to repurchase the property for $45,300. As far as I have been able to determine, Mr. Wolfe had full intentions of getting back the property and reorganizing the company. The company only had Priority and Lien claims of $24,549.83 to pay and do know that the unsecured creditors would have taken stock in a new company in payment for their claims. There would have been a good equity left for at least the Class A stockholders as the property was appraised in 1928 at $1,815,000. Efforts to reorganize the company were abandoned when Mr. Wolfe failed to exercise his option to repurchase the property. Shortly thereafter, on March 12, 1932 the Referee in Bankruptcy liquidated the remaining assets, paying the secured creditors in full and the unsecured creditors at the rate of fifty cents on the dollar.

Southern Cities Utilities Co. Incorporated in Delaware on Aug. 6, 1917. In Nov., 1930 the company sold all of its assets, subject to its funded debt and other liabilities to Central Public Service Corp. In return Central Public Service issued to the subject company 134,356 shares of its Class A stock of which 31,972 shares were applied by the company toward the liquidation of certain outstanding debts, leaving a balance of 102,394 shares. The total assets of the subject company then consisted of 102,394 shares of Central Public Service A stock, 300,000 of Commonwealth & Southern and liabilities represented by a $4,500,000. loan. Under plan of reorganization in 1932 each share of Central Public Service A stock was exchanged for one share of Central Public Utility Corp. A stock. Under the reorganization plan filed on Dec. 4, 1934 which has not as yet been adopted, no provision will be made for the Central Public Utility Corp. A stock. The corporation is hopelessly insolvent as Commonwealth & Southern is now only quoted at 2-3/8 or about $712,000. for the 300,000 shares which is subject to a loan of $4,500,000. (8/21/1935.) Therefore it is our opinion that the shares of the Southern Cities Utilities Co. are without value.

Southern Cities Utilities Co. Bonds have a liquidating value.

Southern Telegraph Company (New York) The following information was obtained from the records of the United States District Court, Norfolk, Va. A contract was made with the Washington Improvement Company to construct the telegraph line, to be paid with bonds of the Southern Telegraph Company at the rate of $830. for each mile constructed. According to the record 1969 miles of lines were completed, for which $1,635,000 of bonds were issued in payment, out of a total issue of $2,500,000. When the $2,500,000 of bonds were finally proven before the Special Master, $601,000. of bonds were declared illegally issued, and were barred from sharing in the proceeds of the sale. Those bonds that were legally issued received $220. per $1000. bond. In 1887 $91,696.21 was deposited in the Planters National Bank of Richmond, Va. for the benefit of the bondholders. All these funds were disbursed by 1890, and there are no unclaimed funds available today. Therefore, any outstanding bonds are worthless.

Southspring Ranch & Cattle Co. Incorporated in Wyoming and lost its charter on Dec. 16, 1935. According to the 1931 report, the company was located at Mining Exchange Bldg., Colorado Springs, Colo. in care of Percy Hagerman, Treasurer. Mr. Hagerman informed us on Feb. 9, 1937 as follows: " will say that the stock of the subject company has no value. In 1932 owing to the collapse of land and livestock value, the company was forced out of business, and the entire property, consisting of land, sheep and other livestock and equipment, was taken over under foreclosure proceedings. The property did not bring enough under forced sale to pay all the debts and there is no possibility of a resumption of business."

Southwest Lumber Company. Capital Stock (Par $100) The Southwest Lumber Company had $463.49 cash on hand as of December 13, 1929. Their biggest assets are real estate and lumber stumpage. The real estate value would depend on the market for the lumber. Most of the lumber that is marketed in New Mexico is "yellow pine." The market is limited because of its location. Most of the lumber that is used in the west and east comes from Oregon and Washington. According to the C. P. A. statement of R. F. Leathem, the company has current liabilities of $117,149.77 and nothing to pay it with in current assets except logs and receivables. Assuming that unless they can sell their real estate as a whole, it looks pretty dubious for the stockholders. This stock is not quoted by brokers—nor has it any market value, except to those who are interested in that property. If the stock were offered, we do not believe it would bring more than a nominal value, and we submit it as such as of December 11, 1929.

Southwest Metals Company. See Sheldon Mining Co. successor to Southwest Metals Co.

Southwestern Miami Development Co. Holders of fully paid stock received a liquidating dividend of 5¢ per share in Sept. 1930. The Treasurer was Wm. S. Rooney, 85 Devonshire Street, Boston, Mass.

Southwestern Oil Corporation. Incorporated under the laws of the State of Texas and had its principal place of business at 745 Kress Building, Houston, Texas. It was reported in 1920 that the company was forced out of existence. Its property was sold and its affairs completely wound up. On December 30, 1922, 150 shares of stock of this company sold at auction for $7. for the lot. These shares were reported as valueless and we submit them as such of June 6th, 1931.

Splitdorf- Bethlehem Electrical Co. The Chase National Bank of New York City made a payment of 18% on each $1000. 7% Conv. Debenture bond due 1932.
Splitdorf-Bethlehem Electrical Company, Inc. In April, 1931 this company merged with the Splitdorf Electrical Company to form a new company known as Splitdorf Electrical Company. The stock of the Splitdorf-Bethlehem Electrical Company, Inc. was retained by the stockholders, but represented a share for share interest in the new company. The Splitdorf Electrical Company, formerly Splitdorf-Bethlehem Electrical Company, was dissolved August 19, 1932 and is now in process of liquidation by former directors acting as Trustees in Dissolution. As the liquidation goes forward dividends will be paid to the general creditors (including debenture holders) in proportion to their respective interests. It is the opinion of the undersigned that the proceeds of the liquidation will not be sufficient to pay in full the claims of the creditors and debenture holders so that there is no likelihood of any liquidating dividend for the common stockholders. In as much as the company has been formally dissolved, transfers of common stock on the books of the company cannot be made. There was no exchange of the debentures or the common stock of Splitdorf Electrical Company for stock in Edison-Splitdorf Corporation. However, the latter corporation (which purchased the going assets of the former) made an offer dated July 11, 1932 from which the following quotation is made: "(a) Each holder of $100. par value of debentures (of Splitdorf Electrical Company) shall receive two shares of the common stock of Edison-Splitdorf Corporation . . . (b) Each holder of twenty shares of common stock (of Splitdorf Electrical Company) shall receive one share of the common stock of Edison-Splitdorf Corporation . . . (c) Fractional warrants for stock and rights will be issued for less than twenty shares, said warrants to expire on December 1, 1932." In view of the above information obtained from Mr. H. H. Eckert, Trustee in Dissolution, that there was no equity left for the stockholders after dissolution of the company, we believe that the shares of the subject company first became worthless on August 19, 1932, the date of dissolution.
Splitdorf Electrical Co. Assets sold to Edison-Splitdorf Corp. Holders of each 20 shares of this stock received one share Edison and right to purchase 3 additional shares at $5. each.

Spreckels Sugar Corporation. Incorporated under the laws of the State of Delaware on January 24, 1929, to acquire the assets and business of the Federal Sugar Refining Company of New York. The company owned a sugar refinery at Yonkers, New York, which covered more than sixteen acres with a water frontage of over one thousand feet. The company owns 94.58% of the common stock and all of the preferred stock of Syrup Products, Inc. On January 13, 1932, the Irving Trust Company, Edgar H. Stone and Henry P. Scott, were appointed receivers in equity by order of the United States District Court for the Southern District of New York. The Irving Trust Company informed me that the following balance sheet of Spreckels Sugar Corporation was prepared as of December 31, 1932, as taken from the books.

ASSETS	
Cash	$ 44,873.85
Accounts Receivable	3,620.39

Accrued Interest to January 18, 1932	222,321.51
Stockholders equity as represented by books of company as at December 31, 1932	8,108,226.19
	$13,845,717.03

Note: According to the records of the Irving Trust Company, Barrow, Wade Guthrie & Co., certified public accountants, stated that the sound value of the fixed assets of Spreckels Sugar Corporation was $6,831,500.56 as of May 30, 1931. I do not believe there was any change in the sound value of the company's fixed assets from May 30, 1931 to December 31, 1932, as the company's plant had been shut down since August, 1930. Therefore, in view of the Irving Trust Company's report that the capital stock of the Spreckels Sugar Corporation had ample equity as of December 31, 1932, it is my opinion that ascertainment of worthlessness could not have been determined prior to January 1, 1933. On July 28, 1933, Federal Judge Knox permitted intervention in the receivership of the corporation by a bondholders' protective committee. The committee alleged that they held a prior lien on the company's properties covered by the bond issues. The bonds became due on May 1, 1933; principal and interest of which had been in default since May 1, 1931. Previously the Court had adjourned the hearing on petition of the receivers for authority to sell the properties at public auction on July 24, 1933. The postponement was the result of the plea of Rudolph Spreckels who pleaded for delay in the hope that the Agricultural Adjustment Act and the National Recovery Administration would approve agreements for marketing raw and refined sugar, so that the refinery could resume operations successfully. It was reported in November, 1933, that the receivers contended the Secretary of Agriculture had refused to approve the draft of such a proposed agreement on the ground that it was impracticable at that time. At the same time, it was reported that a court order indicated that unless $30,000. in cash was furnished by creditors to enable the equity receivers to continue, a decree would be entered authorizing the disposal of the property. On November 15, 1933, Federal Judge Knox adjourned until December 8, 1933, hearings on a motion of the receivers, for permission to sell the properties of the corporation. On December 21, 1933, Federal Judge Knox ordered the properties to be sold. The upset prices determined by the court were:

For Parcel No. 1	$ 350,000.	
For Parcel No. 2	1,750,000.	(Subject to taxes of $321,867.)
For Parcel No. 3	475,000.	(Subject to taxes of $36,202.)

The corporation's indebtedness, as of December 21, 1933, apart from contested claims was $5,873,000. It is reasonable to believe that after Federal Judge Knox's order to dispose of the corporation's assets at a figure which was less than the bonded indebtedness, the entire equity of the capital stock would be wiped out. Therefore it is my opinion that the capital stock of the Spreckels Sugar Corporation first became worthless in December, 1933.

Standard Consolidated Mining Co. Incorporated in California. Supplementing the report in our manual, we were informed by Albert Fries, 1133 Broadway, N. Y. C., former President of the company that a distribution of 13½ cents per share was made in 1915 by the Anglo & London Paris National Bank of San Francisco, Calif. After this distribution was made, it was found that five checks were returned, the stockholders could not be found. In 1916 a final distribution of 1½ cents per share was paid, which probably represented the amount that was not claimed by the other five stockholders.

Stanton Mutual Corporation. Incorporated in New York on May 17, 1924 and according to the State records the corporation has not formerly been dissolved. It is our opinion however that when the corporation is reached for not having filed reports for a certain length of time, its charter will be forfeited. Mr. Chas. Segal, attorney, located in New York City, who incorporated the company, informed us that the corporation was formed as a mutual aid

corporation to help business. Mr. Segal has not heard from the company since then. Nathan Arnopolsky, director, 83 Stanton St., N. Y. C. Mr. Arnopolsky informed us that he was only in the company a short time and knows nothing further regarding it. Mr. Segal stated that if Mr. Arnopolsky knows nothing further about the company it is apparently out of existence. We found no market for the stock and therefore believe the shares have no value. Stanwood Rubber Company. Incorporated in Delaware on January 29, 1919 and received authority in New York State on Sept. 30, 1919, to manufacture automobile tires and other rubber commodities. The principal office was located at Elizabeth, N. J. In Nov. 1920 receivers were appointed; and in Oct. 1921 all the assets were sold in the Chancery Court of New Jersey for the benefit of the First Mortgage bondholders. There was no equity left for the stock. At the time of the receivership the company's liabilities exceeded the assets by $125,000. The company lost its charter on January 27, 1923. We do not attach any value to the stock.

States Mutual Consolidated Mining Co. Mrs. V. A. Brewer. President of the company, located at Searchlight. Nevada, informed us as follows on November 2. 1937: "You are informed that The States Mutual Co., does not buy in its shares from stockholders due to the fact that one half of the capital stock is still in the Treasury. Notes of the States Mutual Co., to shareholders are not due until the mine is on a profit basis—this means until enough ore is sold to pay all expense of operating the mine. This is law. The present income is from the pockets of shareholders and cannot be paid out to any one shareholder nor until all notes are redeemed. This corporation treats all shareholders alike and when we pay one of the notes all will be paid and not before. At the present time the transfer books of the company are closed for recapitulation—this is for the purpose of closing estates of deceased stockholders whose heirs cannot be located and to locate stockholders still living and moved from our known address. Due notice will be sent to all shareholders when the transfer books are open again which cannot possibly be until sometime near Spring, perhaps February or March, due to the fact that there is much bookeeping to do. Please inform your client his notes are not due and he had better hold his shares for income later on."

Sterlington Realty Company, Inc. Incorporated under the laws of the State of New York and was located at 165 Broadway, New York City in 1913. The company had an issue of 5% 20 year First Mortgage bonds dated December 16th, 1912, and due January 1, 1933. The mortgage securing these bonds was recorded on December 16, 1912, in Rockland County, New York. Liber 207 of Mortgages, Page 274. The County Clerk of Rockland County informed us in May, 1936 that this mortgage was still open of record, but did not know what happened to the company. A careful search of the records at New City, New York, disclosed that the mortgage was made to the Lawyers Title & Trust Co. on December 16, 1912 on certain property located at Ramapo, New York, in the amount of $150,000. With a description of the property we interviewed many people at Sloutsburgh, New York, and were informed that the property belonged to the Price family. We directed a letter to Mrs. Theo. H. Price at 850 Park Avenue, New York City, and received the following reply from Mr. John L. Dunn, an attorney located at 49 Wall Street, New York City: "This will serve to supplement our letter of August 19, in reply to yours of August 10th to our client, Mrs. Theodore H. Price. Sterlington Realty Company is still the owner of the property referred to by you. Harriet Dyer Price owns and holds all the stock of Sterlington. She also is the owner and holder of all the bonds issued under the trust mortgage. If the Lawyers Title & Trust Co. is desirous of clearing its files and relieving itself of further responsibility, we might be able to get Mrs. Price to exhibit the stock and hand up the bonds for cancellation."

Stone & Seymour Transfer Co. We found no record of this company, nor was it ever incorporated in New York. If there ever was a company of this name it was apparently connected with Stone, Seymour & Co. of Syracuse, N. Y. Hancock, Dorr, Kingsley & Shove, attorneys located at Syracuse, N. Y. informed us that the company was dissolved (Stone, Seymour & Co.) in 1930 and the receiver has been discharged. The creditors received about 75% of their claims, leaving no equity for the stock which is without value.

Stove Manufacturers' Repair Association. Incorporated in New York in 1916 and was located at 230 Water St., N. Y. C. President, William H. Shaw; Secretary, Edward H. Taylor, Jr.; Treasurer, Asa Trenchard. In 1919 it was reported that the company had merged with Russ & Krekel Co. The Russ & Krekel Co. was incorporated in New York and was located at 230 Water St., N. Y. C. President, Homer E. Sherwood; Secretary, Hy. W. Krekel; Director, Charles Sattler. In 1923 it was reported that Russ & Krekel had dissolved. Ashley, Foulds & Dalton, attorneys located at 150 Broadway, N. Y. C. informed us as follows on June 12, 1935. ". . . this share of stock, as far as we are concerned has no value and we are not interested in it in any way. I might state that when Russ & Krekel Co. purchased the assets of the Stove Manufacturers Repair Assn. that Mr. Shaw, the owner of the Assn. at that time, prepared an affidavit showing that this one share of stock to Mr. Ramsay was for qualifying purposes and at that time had no value. Mr. Shaw told us that it was misplaced and that if it ever did appear that he would turn it over to Russ & Krekel Co. who are now out of business." In view of the above we believe the stock worthless.

Suburban Security Corp. Incorporated in New York and is a going concern located at 307 Fifth Ave., N. Y. C. in care of Leo L. Tully, President. Mr. Tully informed us that the company originally invested in second mortgages. When the second mortgages defaulted the company took over these properties on which there were first mortgages and accrued taxes. The income from the properties has been insufficient to take care of the fixed charges and taxes. At the present the New York Title and Mortgage Company is suing on a deficiency judgment, which if successful, will just about wreck the company. However, until the company loses its entire properties, the shares are not considered entirely worthless. If inflation does come, or an unexpected real estate boom, the shares of stock may have considerable value. We were informed that according to the company's book figures, the properties are carried at cost and would therefore show an equity today. (1935.)

Superior California Farm Lands Co. Mr. Murray Brookman of the Bondholders Protective Committee, located at 405 Montgomery St., San Francisco, Calif., informed us as follows on May 13, 1937: "There have been no disbursements to Bondholders of the Superior California Farm Lands Co., since the disbursements that you have received. The company's assets consist of farm land. In recent years, on account of low prices it has been impossible to produce sufficient revenue to pay taxes, Irrigation District assessments, and Reclamation District assessments, with the result that large delinquencies have accrued. At the present there is a prospect of saving a limited acreage of the better lands through an adjustment of delinquent tax claims." "Land sales are still difficult to make due to the very large acreage of farm land in this state that are in liquidation by banks, insurance companies, or loan agencies." "We do not know of

any market for the Company's Adjustment Mortgage Bonds, and it is impossible to predict when or in what amounts funds will be available for distribution to Bondholders."

Sussex Calcite Co. N. J. 1937.
Sussex Calcite Company. Incorporated in New Jersey to succeed the New Jersey Mineral Company, by change of name. The main office of the company we understand, is located at 665 Fifth Ave., N. Y. C., in care of Dr. Horace W. Northrop, President. The bonds of the New Jersey Mineral Co., were assumed by the Sussex Calcite Co. Dr. Northrop informed us that the company is earning about enough to pay the county taxes on its property. No interest has been earned on the bonds for years. However, Dr. Northrop is very optimistic and believes that when conditions get better the bondholders will realize something on their bonds. At the present time the bonds may be sold at 1% or $5. per $500. bond. In view of the above we submit only a nominal value for the Sussex Calcite Company stock and $5. as a fair value for the $500. bond of the New Jersey Mineral Co. (11/1/1935.)

Swastika Mining Company. Incorporated in Wisconsin on July 5, 1907 and forfeited its corporate rights on January 1, 1916. The last report filed in 1908 showed the following: President, C. Yetmar, 516 Germania Bldg., Milwaukee; Vice Pres., L. O. Stauff, 1725 Glena St., Milwaukee; Treasurer, W. S. Stanley, 1011 Cedar St., Milwaukee; Secretary, F. A. Moritz, 196 12th St., Milwaukee. We found no value to the stock and therefore believe the shares are worthless.
Swastika Mountain Top Mining Co. Incorporated in Arizona and failed to file reports since 1913. The company's charter expired by limitation on Jan. 3, 1933. It is our opinion that the company went out of business before 1913 and that the shares are without value.

Tabard Inn Book Co. Incorporated in West Virginia and had an office in Philadelphia in 1913. We failed to find any trace of the company since that time. In 1917 our company reported that the company had forfeited its charter in 1914, at which time no value was found for the stock. On March 16, 1918 four shares of preferred sold at auction in Philadelphia for $1. the lot and on March 11, 1918, thirty shares of common sold for $1.00 the lot. It is our opinion that both the preferred and common stocks are worthless.

Tabor Bay Trust. Value of certificate #17 for $500. Mr. Lillard, the Headmaster of the Tabor Academy, informed the First National Bank of New Bedford, Mass. that there was no market for the above certificate at any time near the date of decedent's death and to the best of his knowledge the certificates have never been sold in the open market or privately. Usually the certificates have been donated to the Academy. These certificates were originally purchased by parents of boys who attended Tabor Academy, the money being used in the purchase of. and expense of running the Tabor Boy Schooner Yacht, for the use of students in the Academy. Mr. Lillard suggested that the certificate be inventoried at no value. The money paid for these certificates was more of a donation or money advanced for educational purposes than an investment. Therefore, I do not believe the certificate had any value as of March 7, 1935.

Tajos Mines, Inc. Incorporated under the laws of the State of Delaware on June 15, 1926 and owned certain mining properties located in Sonora, Mexico. The office of William DeForest Manice, who was formerly secretary of the company, informed us on September 21, 1936, that the company lost its mining properties to the State of Sonora, Mexico in 1931 for non-payment of taxes. The company had no further assets and ceased to exist. In view of the above, and for the reason that the officers have no intentions of reviving the company, we believe the shares are without value.

Tampa Building & Investment Company. Incorporated in Florida with its principal place of business at Tampa, Florida. Mr. M. L. Saunders, Treasurer of the company, located at Middleboro, Mass. informed me on February 20, 1937 that the company paid a small dividend on the preferred shares in January 1937. Mr. Saunders also stated that much of the company's assets are in real estate which is hard to appraise at this time, but on a conservative basis would not advise carrying the preferred stock at over $35. per share for tax purposes. In view of the above, I believe the preferred shares had a fair value of $35. per share as of January 7, 1937.

Tennessee Agricultural Chemical Corporation. We received the following letter dated April 1, 1935 from Claude B. Stephenson, an attorney, located at Centerville, Tennessee, which speaks for itself in regard to the value of the stock: "Your letter of March 25, 1935 with reference to certain shares of stock of the Tennessee Agricultural Chemical Corporation which went into receivership in 1921, has been turned over to me as their attorney for reply. It has been some time since this matter was wound up and my memory is a little hazy on it, but as I remember it, the receivership was in the Federal Court and it would not operate under the receivershp except for a very short time. The property was sold and bought in by some parties from Massachusetts who formed a company by the name of the New England Phosphate Co. The price paid by the latter into the Federal Court was not sufficient to take care of the bonds of the company. In fact, as I now remember it, the price was not sufficient to take care of the preferred claims and the expenses of the receivership. The New England Phosphate Co. has also gone under and the property can be purchased for a very nominal sum—almost as farm land." In view of the above we believe the shares valueless. (1935.)

Tex-La-Homa Oil Corporation. Incorporated in Oklahoma and lost its charter on July 18, 1935. The company filed its last report on February 22, 1919, and listed the following officers: President, John O. Mitchell, Tulsa, Okla.; Vice Pres., W. G. Skelly, Tulsa, Okla.; Secretary, Wm. Hargis Walker, Tulsa, Okla.; Treasurer, John P. Cook, Okmulgee, Okla. This company was a consolidation of the Glove Oil Co., and Texlahoma Oil Corp. The combined properties of these companies were sold to the Petroleum Corp. of America. In 1922 the Petroleum Corp., of Amer., reported that their properties had been sold. The "Petroleum Register" for 1922 failed to list this company. It is our opinion that the company lost its leases and that the shares are without value.

Texas Publicity Royalties. The First National Bank of Fort Worth, Texas informed us that the wells upon the leases owned by the Texas Publicity Royalties have in several instances ceased to produce oil in paying quantities and receipts during the past five years have not been sufficient to warrant the payment of dividends. There is no market for this royalty and little revenue can be expected until the companies owning these leases begin to develop them. (1/6/1936.)

Texas Ranger Producing and Refining Company. Value of Capital Stock, Par Value $1. Incorporated in the State of Texas in 1919 with an authorized capital stock of $1,500,000, par value $1. It was reported in 1921 that the entire capital stock of $1,500,000 had been issued. They operated certain leases in Texas and Louisiana. Officers: J. D. Wade, President; Cecil H. Smith, Jr., Vice-President; E. C. Beyelle, Secretary and Treasurer; C. J. Alworth, General Manager; C. M. Betz, Field Superintendent, with office in 1006 Insurance Building, Dallas, Texas. No additional information has been reported since 1921. On December 9, 1922, 1,000 shares sold at auction at $11. the lot. Company forfeited its right to do business in Texas on July 2, 1921, for failure to pay franchise tax. Therefore, I submit the shares as worthless as of January 28, 1937.

Thompson's Malted Milk Company. The Soluble Products Company of Waukesha, Wisconsin, formerly Thompson's Malted Milk Company, informed us that this company was dissolved more than four years ago and common stock in the company has no value. At the time the company was dissolved all stockholders holding common stock were given Borden stock in exchange for their Thompson's stock. While the stockholders were not requested to return their old certificates, it was suggested at the time that the old certificates be destroyed. Evidently your client has received his Borden stock. However, we suggest your getting in touch with the Borden Company, 350 Madison Ave., N. Y. C. and ascertain from them if Borden stock was received by the stockholder named in your certificate. Tiffany Motor Company. Value of V. T. C., for common and preferred stock. Incorporated under the laws of the State of Delaware and was located at 75 Fulton St., N. Y. C., in 1915. In 1916 no further trace of the company could be found. It was reported that Mr. Wm. R. P. De Saussure was president of the company. We contacted the De Saussure Equipment Co., located at 221 18th Street, West N. Y., N. J., and was informed that this company was formed to manufacture a motor that ran on a battery to operate phonographs. The venture proved unsuccessful and the company went out of business. The De Saussure Equipment Co. also informed us that the company had dissolved about 20 years ago and that the capital stock is without value. Therefore in view of the above, we believe that the V. T. C., for common and preferred shares of the Tiffany Motor Co., were worthless as of Sept. 23, 1934.

Toledo, Delphos & Burlington Railroad. Value of Income Bonds due 1910. Organized May 1879. We have received the following report from the New York, Chicago & St. Louis Railroad Company: "Consultation of their company records on file with the Interstate Commerce Commission indicates that there were several companies of that name incorporated between the year 1879 and 1881. The last company, however, of that name, i e., Toledo, Delphos & Burlington Railroad was consolidated with another company to form the Toledo, Cincinnati & St. Louis Railroad Company. Articles of incorporation were filed February 25, 1882, at Indianapolis, Ind. This latter company became financially involved, and its properties were sold under foreclosure on June 28, 1884 and December 30, 1885. Various portions of the property are now owned by the Baltimore & Ohio, Pennsylvania Railroad, Cincinnati Northern & Nickel Plate. Because of the fact that the property was disposed of at a foreclosure sale, the securities of the Toledo, Delphos & Burlington Railroad are not a lien upon the physical property, and while they have no knowledge of the disposition of the proceeds of the sale, they are inclined to believe that the securities have no present value. It is our opinion that the bonds are worthless."

Toledo, Peoria & Warsaw R. R. Sold in Chicago under decree of foreclosure in the United States Circuit Court for the Northern District of Illinois. Collect on Eastern and Western Division bonds from the City Bank Farmers Trust Company, New York City.		
Toledo, Peoria & Western Ry. Farmers Loan & Trust Company C/D for First Mortgage 4% bonds deposited under bondholders agreement dated March 22, 1927, were notified that a partial distribution of the proceeds of sale in foreclosure received from the Special Master pursuant to order of the U. S. District Court, for the Southern District of Illinois, amounted to $120. on each $1000. certificate. Present C/D to the City Bank Farmers Trust Company.

New York City, for collection. The actual bonds received $66.88 and $120. per $1000. bond. These funds may be held by the trustee named in the bond or the above court.

Toledo Ry. & Light Co. Name changed to Toledo Edison Co.

Toledo, St. Louis & Kansas City R. R. First mortgage bonds represented by Certificate of Deposit have a decree value of $1,304.04 per $1000. cft.

Toledo, St. Louis & Kansas City R. R. Our records indicate that the Continental Trust Company of New York City, now New York Trust Company, made the payment on the C/D for bonds of this company. The Central Trust Company of New York City, we believe, made the payments on the actual bonds. The stock was assessed, and therefore believe it has no present value.

Toledo, St. Louis & Western R. R. Coll. Trust 4% Series A & B and certificates of deposit for same have an exchange value.

Toledo, St. Louis & Western R. R. Consolidated to form New York, Chicago & St. Louis R. R.

Toledo & Wabash R. R. 7% Equip. bonds due 1883. Wabash Ry. Co., states that above bonds have no ascertainable value.

Toledo, Wabash & St. Louis Railroad Company (Me.) Value of Capital Stock, Par $10. Incorporated in Maine in 1907 and lost its charter in 1908. No trace of the company could be found since that date. It is our opinion that the company did not progress beyond the development stage and that the shares are without value.

Toledo & Western R. R. First mortgage bonds have a decree value of $250. per $1000. bond.

Tombstone Consolidated Mines Company, Ltd. Value of 6% Special Contract Bonds. Value of Capital Stock, Par $10. This company was adjudicated a bankrupt in 1911. The Referee in Bankruptcy disallowed the Special Contract Bonds on the ground that they were not provable debts in bankruptcy existing at the time of the filing of the petition in bankruptcy, and that they represented a contingent liability based upon the earnings of the mines owned by the bankrupt company. The Referee's decision was sustained in the Supreme Court of the United States. The bonds were disallowed and holders received nothing from the distribution of assets. We submit the 6% Special Contract bonds and the capital stock as worthless.

Tommy Burns Gold Mining Co. Incorporated in Delaware on Sept. 5, 1911 and is no longer in existence having become inoperative on March 19, 1919. The last known address of the company was at 1 Wall St., N. Y. C., and Porcupine, Ont. The last known officers were as follows: President, Wm. E. Beattie, Arlington, N. J.; V. Pres., Louis W. Myers, 50 Broad St., N. Y. C.; Treasurer, Asher W. Young, 345 Eastern Parkway, Bklyn. Mr. Wm. E. Beattie informed us on April 13, 1935 that the company lost its property through a receivership and there was no equity left for the stock which is without value. In 1931 it was reported that the former holdings of the Tommy Burns Gold Mining Co., were owned by the Triplex Gold Mines, Ltd., 201 Commercial St., Worcester, Mass. In view of the above we believe the shares are without value.

Tonopah Belmont Dev. Co. Jim Butler Mining Co. at one time paid 15c per share for this stock.

Tonopah Extension Mining Co. This company was succeeded by the Tonopah Extension Mines, Inc., Tonopah, Nev., on April 2, 1929. The company lost all of its assets at a sheriff's sale in March 1929, to satisfy a judgment arising from a bond issue of $300,000 on which no interest was paid. The property was purchased by Thos. F. Cole, for $627,000 of which $290,000 was paid in Receiver's Certificates; $260,000 in 10% 3 year first mortgage bonds and the balance in cash. Shareholders of the old company were not protected by participation in the new company. It would therefore appear that the stock has no value.

Tonopah, Wilmington Mining Co. Incorporated in Arizona in 1905 and has filed no reports since incorporation. The charter was forfeited by limitation on May 8, 1930. Apparently the company went out of business in 1906, or soon after. Our mining records back to 1906 show no record of this company's operations. We found no value to the stock and therefore believe the shares are worthless.

Tradesmens National Bank of The City of New York. The Comptroller of The Currency of the United States informed us as follows on December 9, 1937: "Reference is made to your letter of December 6, wherein request is made for information relative to certain shares of stock of The Tradesmens National Bank of the City of New York (Charter No. 905), registered in the names of DeWitt C. Falls and Georgiana F. Falls." "You are advised in reply that according to the records of this office the bank referred to was placed in voluntary liquidation by its shareholders on January 13, 1899." "It may be stated that at the time this association was placed in voluntary liquidation no reports of any kind showing the progress made in the liquidation were required to be filed with this office, however, under date of March 24, 1913, Mr. D. H. Bates, who it appears was President of the liquidating bank and a member of the Liquidating Committee, advised this office that the affairs of the bank had been finally closed and that five dividends had been paid to stockholders aggregating in all 23½%. Mr. Bates' address at that time was 658 Broadway, New York, N. Y."

Travers Realty Company. Alexander Stolz, an attorney, located at 20 South Broadway, Yonkers, N. Y., informed us as follows on Aug. 18, 1937. "Yours of the 16th instant addressed to the Travers Realty Company at Newport, R. I., was forwarded to me by the representative of the Travers Land Company of Newport in charge of that company at Newport. That company is a Rhode Island corporation having its principal office at Newport, R. I. The Travers Realty Company is a New Jersey corporation having its principal office at Lyndhurst, N. J. I am the Secretary and Treasurer and the Attorney for both companies." "The Travers Realty Company is now in process of dissolution and as soon as the proceedings are completed within the next two months the assets will be distributed among the stockholders on their surrender of their stock. Such distribution will be much less than the par value of the stock perhaps about fifty cents on the dollar. Both companies are closely held corporations, in fact were family corporations, and it has always been difficult to fix the value of the stock.

Trinity Oil Corporation. Incorporated under the laws of the State of Delaware to operate leases on some 14,000 acres in the Texas oil fields. The New York office was located at 507 Fifth Ave., N. Y. C. The following were the last known officers. President, J. D. Young, Fort Worth, Texas; Treasurer, V. C. Nelson, Fort Worth, Texas; Director, Edward N. Breitung, N. Y. C.; Director, C. C. Daniels, N. Y. C. In 1926 no further trace of the company could be found. Mr. Daniels, is an attorney located at 36 W. 44th St., N. Y. C. He informed us that the negotiations to finance the operation of the leases on the 14,000 acres of land in Texas fell through and the company just ceased to exist many years ago. The company lost its leases and was without assets when it went out of business. It is our opinion that the shares are without value. (1936.)

Tri-State Gas & Electric Corp. Value of capital stock, par value $1.00. This corporation, located at Syracuse, N. Y., informed me that there is no market for the stock. I was further informed that efforts were recently made to effect a compromise with creditors which was objected to by a few small creditors; and now an effort is being made to place the company under provision of Section 77-B of the new bankruptcy act. The outcome, of course, is problematical, but it is the opinion that the stock has no value. Therefore, I submit the shares as worthless as of May 21, 1934.

Tri-Utilities Corporation. Incorporated in Delaware on March 4, 1929, to operate as a public utility holding company. On August 31, 1931, Hugh M. Morris of Wilmington, Delaware, was appointed receiver of the corporation by the United States District Court of Delaware. On March 14, 1932, a plan of reorganization dated September 1, 1931, was abandoned. All the assets were sold with the approval of the court during 1932. The receivership was wound up early in 1933 and the receiver was discharged on January 26, 1933. In February 1933, the Chase National Bank as Trustee for the Conv. Deb. 5% bonds due 1979 received funds from the receiver to make a distribution of 30 cents on each $1000. bond. This distribution was the first and final liquidating dividend on the remaining assets of the corporation sold August 20, 1932.

Troy & North Carolina Gold Mining Co. Incorporated in New York State in 1866 and was revived in 1936 by Frank E. Tappan, treasurer of the company, located at Attleboro, Mass. In care of the Associated Attleboro Manufacturers, Inc. Mr. Tappan informed us as follows on Aug. 3, 1936. "The company was revived in order that it should be able to pass title to its property in North Carolina. The undersigned, F. E. Tappan, having paid taxes on this property for many years, personally, and having had the responsibility of seeing that no one stole the timber or gold, felt that he should have the property in his own hands to dispose of as seemed best. Therefore the directors voted to sell the property to him for $1200. You will realize, of course, that most of this amount was used in defraying state franchise and other taxes in arrears for upwards of twenty years, also attorney's fees so that there will be little to distribute to stockholders. However, there may be something left when the matter is finally closed. If you will furnish me with full particulars regarding the stock you mentioned including proof of ownership, I shall place the name on file for distribution of whatever amounts may be left after all expenses are paid."

Troy & North Carolina Gold Mining Company. Supplementing our previous report, the following letter was received from Ralph C. Estes, an attorney located at Bronson Bldg., Attleboro, Mass., dated August 13, 1936. "Your letter of the 4th instant to Mr. Frank E. Tappan has been handed to me by Mr. Tappan to answer because I am familiar with the legal affairs of the Troy and North Carolina Gold Mining Company, and he thought I might explain the legal aspect to you better than he can. This company was organized about 1866. Mr. Tappan's father became interested in the company and became the owner of 539 shares out of 707 shares issued. The company became dormant. Back around 1915 there was a law suit over the taking of some of the timber from the property, which was won by the company, but damages were entirely used up in legal fees. In 1924 after Mr. Tappan's father died and his stock came to Mr. Frank E. Tappan, they had the opportunity to sell some timber, and we called a meeting of the stockholders. Notice was sent to all stockholders of record to the addresses that were known. The meeting was held in Troy, N. Y., and a vote passed to sell the timber. There was something around $6000. realized. Mr. Tappan had paid the taxes, salary of treasurer for some time, expenses of looking after the property, and legal fees, which reduced the $6000. to $1500. The property was sold for taxes once or twice and he redeemed it. Nothing more was done until there was some talk of the government taking over the property at a price that would realize about $1200. We then started to have another meeting of the company last year, but found that the company had been dissolved by the State of New York. We succeeded in getting a special Act through the New York Assembly early this year to revive the company, but to do so we had to pay considerable taxes to the State of New York, and then held a meeting at which 549 shares out of 707 were represented. Again all notices were sent to all the stockholders of record to the last addresses known, including Mr. Cluto, and notice was advertised in accordance with New York laws. The meeting was held and it was deemed advisable to get the property into somebody's hands so that it could be disposed of, and Mr. Tappan offered to take it over at the price the government might pay, namely, $1200 and the stockholders voted to sell it to him. Consequently it has been conveyed to him, and then we have had the company again dissolved. Competent New York legal advise was employed. After paying all expenses, taxes, etc., there is about $1500. on hand to be divided among the stockholders."

Trustees System Service Corp. The Chicago Better Business Bureau informed us as follows on May 28, 1937. "As you probably know the above company was incorporated under Virginia laws March 23, 1918, and operated a chain of industrial small loan companies having affiliated companies in Pennsylania and also owning the common stock of the Trustees System Discount Co. of Chicago. The subject company was adjudicated a bankrupt on Jan. 19, 1934 by Judge James H. Wilkerson in Chicago. The company had been in receivership since October 1932 with Clyde L. Day as receiver." "On August 12, 1935 creditors and stockholders of the company were advised that the affiliated companies in Philadelphia had filed a plea of reorganization in the U. S. District Court at Birmingham, Ala. This is matter #38428, under the corporate bankruptcy act, and involved the Trustees System Service Corporation, Trustees System Company of Pennsylania, Trustees System Co. of Phila., Trustees System Co. of Reading, Trusco Company of Phila. and Trusco Company of Reading. A couple of plans for reorganization were proposed but neither was accepted. We understand that the Master in Chancery found that the latest plant did not receive a sufficient vote, and that it was inequitable. As a result the District Judge at Birmingham has set June 5, 1937 as the date for the hearing on an order to show cause why the company should not be liquidated." "While the Trustees System Service Corp. may be considered the father, it appears that there is another concern known as the Industrial Loan & Guaranty Company which is the grandfather and owned the voting stock of the father. The Industrial concern we are told owed about five million dollars to Trustees System Service Corp. It also was discovered that the Industrial concern owned the Marianna Corporation which had some Florida property consisting of orange groves, quarries etc. It is expected that this property will furnish considerable money in liquidation over a long period of time, although its quick liquidation, one estimate total was one hundred and fifty thousand dollars. We are told that the Trustee System Service Corp. also owed some money to the Trustee System Discount Co." "As the matter now stands it appears that there is some possibility that the Judge will recommend a distribution of about 70% of the cash on hand which will be a three or four per cent dividend. and then set up some sort of a trustee to liquidate the Florida assets. An estimate made to us was that complete and final liquidation may total around 5%." "It is very likely there would not be much of a market for the certificates of deposit your client has."

Tuckerton Railroad Company. Opened Nov. 20, 1871 and operated 31 miles of road in the State of New Jersey. Funded debt: $200,000. First Mtge. Bonds due 1901, $8,000. Second Mtge. Bonds due 1903. The road was offered at public sale in Camden, N. J. by the Circuit Court of the United States, and the property was bought by the solicitor of the road for $85,000. The second mortgage bondholders who did not come in on the plan of reorganization at that time obtained no rights in the reorganized company. Mr. G. J. Bause, Treas. of the Tuckerton R. R. Co., Drexel Bldg., Phila., confirmed the above, by informing us that the above bonds have no value. Therefore it is reasonable to assume that the stock is worthless.
Tuckerton R. R. Stockholders approved disolution of Company on Feb. 18, 1937, as no remaining assets existed. All personal property was sold at sheriff's sale on Oct. 9, 1936, and all of the real estate was sold on Nov. 17, 1936, both to satisfy a judgment.

Turtle Oil & Gas Company. Incorporated in West Virginia in 1918 and was located at Wheeling Bank & Trust Bldg., Wheeling, W. Va. The company held leases in West Virginia, Kentucky and Texas. President, Wm. Irwin; Vice President, F. F. Kirkpatrick; Secretary, G. T. Knote. In 1924 the company was reported out of business. Our "Petroleum Register" reported no oil strikes on this company's leases. When the company failed to strike oil it apparently forfeited its leases and went out of business. As far as our records show the shares never enjoyed a market. It is our opinion that the shares are without value.
Tuscaloosa Coal, Iron & Land Co., Tuscaloosa, Ala. We understand that the company has paid liquidating dividends amounting to $21.25 per share. Mr. W. H. Nicol, President of the company, who, at last accounts was city engineer for the City of Tuscaloosa, Ala., informed us that the only remaining assets consist of unpaid dividends on stock which has been lost or which the company has been unable to locate.
Tuscaloosa Ry. & Utilities Co. Alabama Power Co. purchased the railway and electric system for $1,500,000. The creamery and ice plant were not included in the sale.

Tuttle & Bailey Manufacturing Co. We received the following letter from Mr. Harry P. Schaub, Trustee, Seventy Berry Street Realty Corp. located at Suite 1220, 744 Broad Street, Newark, N. J., and dated January 6, 1938. "In reference to your request of January 4th, in the matter of Tuttle & Bailey Manufacturing Company, First Mortgage 7s, please be advised as a result of a Federal Court reorganization, a new company emerged that is now known as the Seventy Berry Street Realty Corporation." "If the Tuttle & Bailey Manufacturing Company bond has not been turned in under the terms of the Plan consumated in 1936, we recommend your client communicate with us at once." "The Seventy Berry Street Realty Corporation is no longer a manufacturing enterprise and the protection afforded the old bondholders is the mortgage on various industrial properties formerly operated by the Tuttle & Bailey Manufacturing Company, together with securities of uncertain value that were given to them when they sold their goodwill and business to a competing concern. Income from rentals of part of this real estate, all of which is located in Brooklyn, together with dividends on the above mentioned securities, during the past year has been sufficient to pay all operating expenses, including taxes and insurance, and has enabled the company to make a payment out of 1937 income in an amount equivalent to 2% of the face amount of the bonds." "There is practically no market activity on the bonds. We have noted from time to time there are occasional bids for these bonds, ranging from 10 to 20 during the past year. If you wish any help along this line we will be glad to refer you to dealers who have shown an interest in offerings from time to time."

Twin States Natural Gas Company. Incorporated in Delaware on March 21, 1930. The company went into receivers' hands in June, 1931. On December 9, 1931, a plan of reorganization was approved. On February 26, 1932, the plan was declared operative. At instance of the Reorganization Committee, a new company, Hillcrest Natural Gas Company, was formed under the laws of West Virginia. On May 13, 1932, receivers' petitioned for a hearing on the Plan of Reorganization and asked that a decree be entered for sale of all the assets then in possession of the receivers' of the Twin States Natural Gas Company. The sale was duly held on July 2, 1932, and a representative of Hillcrest Natural Gas Company bid in the properties pursuant to the Plan of Reorganization. On July 20, 1932, the Delaware Court confirmed the sale. The plan provided that holders of undeposited Conv. 6% Debenture bonds due 1933 would receive one share of Class A and two shares of Common stock of the Hillcrest Natural Gas Company. The Empire Trust Company informed us that the amount received from the sale was insufficient to pay the expenses of the sale, leaving no equity for the undeposited bonds.

Tygarts Valley Traction Company. This traction company has gone into receivers' hands. A dividend has been paid to bondholders who have proven their claims. Suit was brought giving the bondholders preference in the liquidation. If your bonds were not proven before the commissioner, application to prove the bonds should be made at once to participate in any dividends that may be hereafter declared. The company still has some real estate and some rails to be disposed of before final liquidation. (11/5/1936.)

Tyrone & Clearfield Railroad Company. Chartered in 1853. It defaulted in the payment of interest on its outstanding mortgage bonds aggregating $260,000., and was sold under foreclosure proceedings in September, 1866. The greater portion of the road, covered by a mortgage securing $225,000. bonds was sold for $50,000. and reorganized as the Tyrone & Clearfield Railway Company, which subsequently became part of the Cambria & Clearfield Railway Company whose property was later acquired by The Pennsylvania Railroad Company. The remaining and smaller portion of the road covered by a mortgage securing $35,000. bonds was sold direct to The Pennsylvania Railroad Company for $24,500. As the property of the T. & C. R. R. Co. was sold for a sum which was insufficient to meet the outstanding bonds and interest thereon, I regret to advise that the stock held by your client now has no value.

The 5% Funding Certificates were issued in 1915, for accumulated dividends due on a preferred stock that was taken in in a merger. The last sale occurred in 1933 when some certificates changed hands at 5% of their face value. The certificates in liquidation have a priority right over the common stock. The common stock is quoted about 1¼. In view of the above, we do not believe the certificates had a fair market value in excess of 5% of their face value as of September 2, 1937.

Letters addressed to Mr. Stetser have not been answered nor returned. On February 3, 1916, the Insurance Commissioner of Pennsylvania ordered the company, which was located at Philadelphia, to discontinue its business as its capital was impaired $104,603. On Dec. 19, 1916 a receiver was appointed. It was alleged that the officers falsified the books. The shares in our opinion are worthless.

Union Cigar Company. Incorporated in 1927 in Maryland to manufacture cigars. The last known address of the corporation was 10 Light St., Baltimore, Md. Officers: Vice President, M. Monae-Lesser, in 1935. 2 East 54th St., N. Y. C.; Treasurer, J. St. J Wattley, 44 W. 18th St., N. Y. C. Dr. Monae-Lesser informed us that the only assets this company held in 1929 were 200,000 shares of stock of Webster-Eisenlohr Co. These shares were pledged with the Chase National Bank as collateral for a loan of $2,500,000. The company sustained very heavy losses in 1929 and when the market crash came in October, 1929 the market price of Webster-Eisenlohr stock declined considerably. The Chase National Bank having been unable to obtain additional collateral to secure the loan of $2,500,000. sold the 200,000 shares of Webster-Eisenlohr stock to the Chase Securities Corp. in Oct., 1929 at 2-1/8 per share. There was no equity left for the stockholders of the Union Cigar Co. after Oct., 1929 as its entire assets had been sold for $425,000. Therefore we believe that the stock of the Union Cigar Co. first became worthless in 1929.

Union Copper Land & Mining Co. (Mich. 1963). Located at 150 Congress Street, Boston, Mass.
Union Copper Mines Company. Incorporated under the laws of Maine in May, 1907, as a reorganization of the Union Copper Mining Company. Owned about 1150 acres of mineral land located in Rowan and Carbarrus Counties, North Carolina, at Gold Hill, about 15 miles from Salisbury. Had authorized and outstanding $2,500,000 capital stock, shares $5. par. Shares listed on the New York Curb. President was Louis M. Ogden. Had an office at 18 Broadway, New York City. Directors in May, 1913, reported that there were several judgments against the company and asked for a subscription of 10 cents a share. Stockholders failed to respond and in July, 1913, the property was sold at sheriff's sale to the Security Transfer & Registrar Company for $7,100 in satisfaction of a judgment for wages and labor due. Was boomed extensively by the failed firm of Sig. H. Rosenblatt & Company, and was considered to have prospects if operated as a mine instead of a stock-jobbing proposition. In 1913, the charter of the company was forfeited. In view of the above we believe the stock worthless.

Union Dye & Chemical Corporation. We received the following letter from the Chase National Bank of the City of New York, located at 11 Broad Street, dated February 26, 1938, and signed by Paul C. Beardslee, Asst. Trust Officer. "Receipt is acknowledged of your letter dated February 24, 1938 and from the information contained therein we assume that your client holds one of the Union Dye & Chemical Corporation Five-Year 6% Adjustment Mortgage Bonds due June 1, 1923, issued under above mortgage." "According to our records as Successor Trustee, the property which had been subject to the lien of the above mortgage was sold in foreclosure proceedings on September 12, 1921; the sale was confirmed by a Decree of Confirmation of Sale entered in the Chancery Court at Kingsport, Tennesee on September 19, 1921; the amount received was not sufficient to pay in full the holders of the Union Dye & Chemical Corporation's Prior Lien Notes, so that nothing remained from the proceeds of the foreclosure sale for the holders of Union Dye & Chemical Corporation Adjustment Mortgage Bonds. Our records do not show that the corporation deposited any monies for the payment of coupons from its Adjustment Mortgage Bonds." "In case you might be interested, enclosed for your information is a copy of the Notice of Final Distribution dated December 15, 1921, addressed to the holders of the Three-Year 7% Prior Lien Notes of said corporation." To the Holders of the Three-Year 7% Prior Lien Notes of Union Dye & Chemical Corporation dated August 1st, 1918, and Scrip for Said Notes. Notice of Final Distribution. Pursuant to Article VII of the Decree of Confirmation of Sales, entered in the Chancery Court at Kingsport, Tenn., September 19, 1921, and supplemental orders entered November 19, 1921, in the cause pending in that Court entitled The Equitable Trust Company of New York and Lyman Rhoades, as Trustees, complainants, v Union Dye & Chemical Corporation, defendant, the undersigned is ready to make final distributions of the funds arising for this suit which was brought for the foreclosure of the Mortgage of the Union Dye & Chemical Corporation, dated August 1, 1911, and the collection of the debt due. By Supplemental Order entered November 19, 1921, the principal amount of Three Year 7% Prior Lien Notes found to be outstanding under the Mortgage is $597,661.49 on account of which the total amount distributable including the distribution referred to in our letter of September 28, 1921, is $198,374.64 or at the rate of $331.91 on account of each $1000 principal amount of notes. You are therefore notified and requested forthwith to present the Notes bearing August 1, 1921 coupons, and Note Scrip held by you at the office of the undersigned, 37 Wall Street, New York, N. Y., and receive the amount distributable thereon upon such Notes and Scrip, to wit: the sum of $60.49 for each $1000 principal amount of Notes and Scrip if not already received (this being the amount we notified you by letter dated September 28, 1921 that we were ready to distribute) and the further sum of $271.42 for each $1000 principal amount of Notes and Scrip. Notes and Scrip will be stamped with a proper legend setting forth payment thereon of the proportionate share of the funds arising in this suit. Upon the presentation of any Note Scrip for appropriate notation theron, there will also be paid thereon a sum representing interest heretofore deposited by the Union Dye & Chemical Corporation for the payment of interest on notes held against such Scrip. As this Scrip was not interest bearing, the proportionate amount of such interest has never been distributed, but as no further distribution is anticipated, the distribution of this sum will now be made. The amount of interest to be paid is 2½ years at 7% per annum upon the face amount of notes represented by each Scrip certificate. Income Tax Ownership Certificate should be furnished for the 2½ years int. rate at 7% to February 1, 1921, to be paid on scrip certificates. New York, December 15, 1921. The Equitable Trust Company of N. Y. As Trustee under a Mortgage dated August 1, 1918, made by the Union Dye & Chemical Corporation for the Equitable Trust Co., of New York and Lyman Rhoades as Trustee.

Feb. 10, 1931	$10. per share
Nov. 5, 1931	7. " "
Sept. 1, 1932	3. " "
Oct. 8, 1934	1. " "

When the remaining assets of the company are liquidated sufficient may be realized to pay a final liquidating dividend of between 50c and $5. per share. However, the best bid in the market for the common stock at this time is 25 cents per share. (6/23/1936.)
Union Mills, Inc. The unclaimed dividends are probably held by the Treasurer, P. O. Box, 7., Boston, Mass.

Union National Corp. Incorporated in Delaware. Reinhardt & Reinhardt, attorneys, located at Equitable Bldg., Wilmington, Del., informed us that this receivership was terminated several years ago after due notice to all stockholders to file their certificates with a master, who was appointed for that purpose; and after the expiration of the time set for filing, distribution was made on the basis of those certificates which had been filed. Reinhardt & Reinhardt, informed us Oct. 20, 1930 that sometime in 1925 a forty per cent distributive dividend was paid on the preferred stock. In April, 1930 a final dividend of $2.80 per share was paid on the preferred stock. We believe that the time to make claim expired about the middle of 1930. As the estate received the 40% dividend the certificates evidently were filed and the claim was approved. After the expiration of the time set for filing, a final distribution was made on the basis of those certificates which had been filed. Apparently the $2.80 dividend was mailed to the holders that filed claim and was not stamped on the stock.
Union National Corporation (Del.) We understand that unclaimed dividends due on the stock of this company were turned over to the Court of Chancery, Wilmington, Del. and will be paid upon presentation of the stock.

When the Adairs got into trouble, the Thomas Jefferson Hotel, along with others, over the country, found itself in the hands of the Federal Court. We are informed that there was then formed the Jefferson Hotel Holding Company, which completed the hotel and later leased it to the Baker Hotel Corporation. We have also been informed that holders of the Union Realty Company bonds, if they took advantage of the opportunity to work their salvation out by cooperating with the stockholders' protective committee, would receive dollar for dollar of bonds of the Jefferson Hotel Holding Company. If they failed to do this, however, it appears they will have some 20c on the dollar coming to them from the Federal Court. (12/21/1929.)

(6) Indianapolis, New Castle & Eastern Traction Co. 6% bonds dated June 1, 1912 with June 1, 1925 to June 1, 1930 coupons attached. received $290. per $1000. bond. $6.54 was deducted for each missing coupon. (7) Muncie, Hartford & Fort Wayne Ry. Co. 5% bonds dated Dec. 31, 1904, with Jan. 1, 1925 to July 1, 1930 coupons attached received $290. per $1000. bond. $5.58 was deducted for each missing coupon. Coupons payable on or before July 1, 1924 of the Union Traction Co. of Indiana on bonds dated July 1, 1899 and of the Indianapolis, Northern Traction Co. should be presented for payment to the Anderson Banking Co. of Anderson, Ind. We received the following letter addressed to Holders of Bonds & Stock of the above company, from J. A. Van Osdol, successor to Arthur W. Brady, Receiver of Union Traction Co. of Indiana, 603 Citizens Bk. Bldg, Anderson, Ind. dated July 19, 1937. "This communication is in answer to numerous inquiries from time to time received from the holders of some of the securities issued by Union Traction Co. of Indiana and some of its underlying or constituent companies. All of the property of Union Traction Co. of Indiana was sold by Arthur W. Brady, its receiver, under judgment and decree of the Madison Circuit Court, Indiana, in the case of Westinghouse Electric and Manufacturing Co. vs. Union Traction Co. of Indiana, et al, being Consolidated Civil Cause No. 7202 in said court. In that action said Receiver petitioned the Court for an order determining the amount,

interest and priority of the mortgages and other liens upon assets and property of said Union Traction Co. of Indiano and for an order directing the sale by said Receiver of all the assets and property of said traction company." "In that action the various underlying and/or constituent companies of said Union Traction Co. of Indiana appeared and answered as to their respective liens and claims against the property and assets of said Union Traction Co. of Indiana, among which were The Indianapolis, New Castle & Eastern Traction Co., The Muncie-Hartford & Fort Wayne Railway Co., The Indianapolis Northern Traction Co., Indiana Northern Traction Co., Muncie and Union City Traction Co. and The Muncie & Portland Traction Co." "In this action, said Court, on the 6th day of June, 1930, rendered its judgment fixing the amount and priorities of the several claims therein asserted, and ordered the sale by said Receiver of all of the assets and property of said receivership, and ordered the distribution of the proceeds of said sale to the payment and discharge of the obligations, as found and adjudged in said decree." "Said property was on the 2nd day of July, July, 1930, sold by said Receiver, who proceeded to make distribution of the proceeds of said sale as in said judgment and decree provided." "Said Receiver deposited with the Indiana Trust Co. at Indianapolis, Ind. certain of the proceeds of said sale to be applied to the payment of certain mortgage bonds and coupons issued by certain of said underlying or constituent companies, and which had not been before said deposit presented to said Receiver for redemption." "Before completing distribution of the proceeds of said sale, certain claims known as 'tort claims' arising out of the operation of said railroad before the appointment of said Receiver, and which had been filed in said receivership, were by the lower court adjudged to be junior to the mortgage indebtedness of said Union Traction Company of Indiana and/or its underlying or constituent companies." "From this judgment of the Madison Circuit Court an appeal was taken and it was by the Supreme Court of Indiana, in the case of McCullough, et al, vs. Union Traction Co. of Indiana, et al, reported in 206 Indiana, 585 (186 N. E. 300), reversed and said tort claims were held to be a superior lien to that of the general mortgage bonds of said Union Traction Company of Indiana and/or its constituent companies." "After said sale, the said Arthur W. Brady departed this life and the undersigned was appointed successor receiver for the purpose only of protecting the receivership against numerous claims and actions for damages then pending and undetermined, included in which class of claims were the so-called 'tort claims' referred to in said Supreme Court decision." "After the rendition of said decision by the Supreme Court, the undersigned, as successor receiver, notified said Indiana Trust Company to make no further distribution of the cash remaining in its hands and previously deposited there by the said Brady, which funds, by the order and judgment of the Madison Circuit Court, were by said Indiana Trust Co. turned back to this successor receiver to be held and administered by him in the due administration of his receivership." "The aggregate of the tort claims so adjudged, is greatly in excess of any funds remaining in the hands of this successor receiver. From the foregoing it appears quite obvious that while the judgment of the Supreme Court of Indiana in said cause remains unchanged, the bonds and stock of said Union Traction Company of Indiana and its underlying and/or constituent companies, not heretofore redeemed, are of no value."

United Hotels Co. of America. The above company was incorporated under the laws of the State of Delaware on February 16, 1918 to control hotels throughout the country. On November 17, 1933, F. A. Dudley, J. R. Judson and W. W. Reilly were appointed receivers. A reorganization plan dated June 9, 1933 proposed that the corporation's obligations be pare down without foreclosure, if possible. In the event that such a reorganization could not be accomplished, it was proposed to form a new corporation to acquire the company's assets through foreclosure proceedings. The plan without a foreclosure was contemplated upon assent of 50% in amount of the gold notes. The plan proposed on June 9, 1933, without foreclosure, was declared operative on January 24, 1934, by the Chancery Court of Delaware and on February 28, 1934, by the United States District Court for the Southern District of New York. Non-assenting bondholders were entitled to receive $5. for each $1,000. bond up to August 21, 1934, at which time the $5. offer expired. The non-assenting bonds therefore became worthless after August 21, 1934 and should be allowed as a tax deduction for that year.
United Hotels Company of America. The preferred stock of said corporation first became worthless in 1934 when the Chancery Court of Delaware declared operative the company's reorganization plan which eliminated the preferred stock. Mr. Chas. Doherty, Vice President of the United Hotels Co. of America Inc., located at Niagara Falls, N. Y., informed us that the Federal Government disputed a loss taken on the stock of this company in 1933, on the grounds that the stock was not eliminated until 1934.

United Investment Assurance Trust. Organized as a Massachusetts Trust on Oct. 15, 1927. The Founders Securities Trust acted as fiscal agent. In 1931, the Trust was reported in receivership. The last known address of the company was National Union Bank Bldg., Boston, Mass. and the following were the Trustees: Charles W. Seager, Brookline, Mass.; Stephen J. Richards, Needham, Mass.; Stephen R. Casey, Cambridge, Mass.; Stanley R. Miller; Lothrop Stoddard, Brookline, Mass. In a suit brought by Robert Axton & Wood F. Axton of Louisville, Ky., damage assessments of $2,000,000. were recommended, and seven men and a large Boston Bank were assessed. It was reported on Dec. 3, 1932 in the Financial Chronicle that Richards was sentenced to five years and Seager was fined $3,000. Hurlburt, Jones & Hall, attorneys, located at 53 State St., Boston, Mass., informed us as follows on March 9, 1936: "At the present time there is pending before the Circuit Court of Appeals for the Frist Circuit, an appeal in regard to the claim of the receiver of the United Investment Assurance Trust against the Founders Securities Trust. Until this appeal is decided the receiver is unable to express a very definite opinion as to the value of the securities issued by the United Investment Assurance Trust. The only shares, in any event, that will have any value in liquidation are the preferred shares and, as heretofore stated, no definite opinion can be given at this time as to the value of the preferred shares in liquidation but it appears at the present time, based on present market values, that they will be entitled to receive in the neighborhood of five dollars a share."
United Investment Shares, Inc. Series A stock has a liquidating value of 2.18c, 2.576c, 2.562c, 2.576c, and 2.898c per share.

This distribution was made on the basis authorized by the Chancellor in said orders above referred to, the basis therefor being set forth in said order of August 8, 1931, as follows: That the receiver shall first pay in full the claims of all preferred stockholders, to-wit, the sum of $50. a share and accrued dividends from June 1, 1928 to September 10, 1930; That the receiver shall then distribute to the holders of the Class A and Class B common stock of the corporation, taken together as one class, 1/4 of a share of the Class A stock of Union Financial Corporation of America, for each share of the common stock of United Investors and 1/6 of a share of Class B stock of Union Financial Corp. of America, for each share of the common stock of United Investors.

The latter corporation was succeeded by the Superior Credit Corporation in 1928 and is now located at 32 Franklin Street, Worcester, Mass. We sent several letters to the present company requesting information as to the value of the common shares of the subject company, and our letters have not been answered nor returned. However, we found no market for these shares at any time near Aug. 1932. Therefore, it is our opinion that the Class A common shares of the United L. A. United Savings Corporation, Norfolk, Va. The Seaboard National Bank, Norfolk, Va., informed us on April 23, 1924, that this company was organized for the purpose of making small loans to be paid back in installments and that it has been successful in a small way. The company was under-going liquidation in 1924 and expected to pay the stockholders off at par.

United Savings Loan Society. Value of Class C Stock with 7/1/02 and subsequent dividend coupons attached. We received the following letter from the Banking Department of the State of New York dated January 2, 1936. "On January 20, 1904 there was filed in this department the affidavit of the President and Secretary of the United Savings Loan Society that all of the assets of said society have been disposed of and all of its liabilities have been paid except the sum of $77.84 which is due to Carsten Heilshoren, William Richtberg and Henry W. Gennerich for moneys advanced by them individually to pay obligations and liabilities of said society, and that they and each of them have waived the payment of said sum to them. That all the stockholders have been paid to the extent of their respective claim, and there are no liabilities due to outstanding shareholders. That the holders of Class E shares have received nothing as said shares were issued to meet the expenses of the said society and the amount paid for the said shares having been used in the payment of running expenses. That there are no other liabilities against the said society nor are there any assets belonging to said society." According to the above all the Class C stockholders were paid. In this particular case the funds apparently were paid to stockholders of record. In view of the above and for the reason that there are no funds to pay on the shares we believe the Class C shares you hold are worthless.

United States Bond & Mortgage Corp. Incorporated in New York and is located at 8 E. 41st St., N. Y. C. The company handles limited first and second amortized mortgages on one and two family dwellings. On February 27, 1933 the corporation was placed in receiver's hands. Under date of Aug. 1, 1934 the committee submitted a plan of reorganization which has not as yet been accepted by the court. The plan provides that the collateral securing their bonds be liquidated over a period of years and any equity remaining over and above the face value of the bonds will be distributed to the stockholders. There is no present indication that the bonds will be paid in full, nor any indication that they will not be paid in full. These payments will depend largely on the ability of the home owners to keep up their payments. Therefore it is our opinion that the 7% preferred shares have only a problematical value at this time. United States Continental Mines Corp. Incorporated in Delaware as successor to the United States Continental Mines Co. (Ariz.). Company controlled the Arizona Victory Copper Mines Corp. We attempted to contact Mr. John H. Slate, who was formerly the engineer for the above companies, and was informed that he is in a State Hospital, having had a nervous breakdown. However, Mrs. Slate informed us that these companies were promoted by I. K. Farrington & Co., and that the companies are out of business and their securities are without value.

United States Copper Co. Incorporated in April, 1911 in New Mexico and is located at Pinos Altos, New Mexico. The company was placed in receiver's hands in 1928, and the receivership was lifted on Sept. 6, 1929. The company owns about 697 acres of land near Pinos Altos. The property has been idle since 1925. At a stockholders' meeting in 1930 a $500,000 bond issue was authorized to provide funds for resuming operations. There is absolutely no market for the stock at this time. While the company will not send statements to us it will upon direct request from the stockholders. Mr. George B. Skogmo, an attorney, located at 152 W. Wisconsin Ave., Milwaukee, Wisconsin, informed us as follows on Nov. 22, 1935. "This company is in receivership with liabilities of approximately a quarter of a million dollars. The assets of the company, if put on the market, will bring but a very small fraction of that amount. I am a stockholder in the company and was formerly an officer. The stock is utterly worthless and in my opinion will never have any value as the property when sold will not bring sufficient to pay the outstanding liabilities other than stock."

United States Kings County Bond and Mortgage Corporation. Incorporated in New York in 1927 and is engaged in taking or purchasing small amortizing second mortgages on completed houses and income-producing properties in Brooklyn. The majority of the company's capital stock is owned by the United States Bond & Mortgage Corp. The value of the 7% preferred and common shares of the company will depend largely on the home-owner's ability to make regular payments on their mortgages in the future. United States Shares Corporation. We received the following letter from the Chase National Bank, 11 Broad Street, New York City, and signed by William A. Ten Eick, Jr., Asst. Cashier, and dated November 26, 1937: "This is in reply to your letter of November 17th, in which you inquire concerning United States Shares Corporation, with particular reference to distributive payments made by us and also request that we include other information that might be useful to you." "The United States Shares Corporation Agreement and Declaration of Trust, dated January 10, 1928, Common Stock Shares A-1 was terminated October 14, 1932. Pursuant thereto, the deposited stocks were sold and the proceeds together with cash held by us as trustee under the agreement became distributable to certificate holders against surrender of certificates. Under an agreement dated May 10, 1932, between United States Shares Corporation and North & South American Corporation, 15 Exchange Place, Jersey City, N. J., the latter assumed all rights and obligations of the former under the Agreement and Declaration of Trust dated January 10, 1928. United States Shares Corp. (Maryland Corporation), before the vote of shareholders to dissolve in 1935, acted as distributor of a number of investment trust issues. It is understood that a liquidating dividend has been made on the common shares of the corporation itself and that liquidating payments are being made on several of the relatively long list of trust shares of various series which the company sponsored. Among the issued sponsored and the trustees of those issues were the following:

Bank Stock Trust Shares	—Series C 1
United New York Bank Trust Shares	—Series C 3
United Insurance Trust Shares	—Series F
Bank Stock Trust Shares	—Series C 2
United Fixed Shares	—Series Y

of which The Continental Bank & Trust Company, New York, is the Trustee. There was some indication that Investors Sponsors Corporation was acting as successor sponsor company of Series "F" certificates, although an inquiry at that office reveals that that function was never assumed." "Canadian Bank Stock Trust Shares—Series D, of which the Empire Trust Company, New York, is the Trustee." "United Oil Shares—Series H, of which The Continental Bank & Trust Company, New York, was the Trustee, later succeeded by The Equitable Trust Company of Baltimore, Maryland, and later succeeded by the Hudson County National Bank, Jersey City, New Jersey, which we understand has tendered its resignation, although a successor has not been named. Argosy Associates, Inc., 25 Broadway, New York City was reported to be successor sponsor of Series 'H' but was not located at that address. It might be noted, for your information, that a Mr. Samuel Hershenstein, 39 Broadway, New York City, is apparently counsel for the Argosy Associates, Inc., and appears to have carried on certain negotiations in connection with the trust shares recently." "United Common Trust Shares—Series A, of which the City Bank Farmers Trust Company, New York, is the Trustee." "We trust that the data given will be of some help to you and assure you of our pleasure in being of service."

United States Shares Corporation. Incorporated in New York. The United States Financial Holding Corporation (In liquidation), located at 15 Exchange Place, Jersey City, New Jersey, informed us as follows on December 22, 1937: "In reply to your letter of recent date, addressed to Satterlee and Canfield, please be advised that the United States Financial Corporation and United States Financial Holding Corporation were one and the same. The name of United States Shares Corporation, a New York corporation, was changed to United Holding Corporation. The United States Financial Holding Corporation was dissolved on February 27, 1936. At that time a liquidating dividend of $1.20 per share was sent to the stockholders. On November 27, 1937, a further dividend of 2¢ per share was paid. The United Holding Corporation was dissolved on September 10, 1936. A liquidating dividend plus unpaid accrued dividends was paid on the First Preferred stock of $147.15 per share. A payment of $2.50 per share was paid on the Second Preferred stock in 1936 and in 1937 a further dividend of 40¢ per share was paid.

United States Ship Corp. Mr. Deacon Murphy, of Minton & Murphy, attorneys, located at 295 Madison Avenue, New York City, informed us as follows on February 14, 1936. "For many years my former firm, Edwards, Murphy & Minton, acted as attorneys for the joint stockholders' committee of the United States Steamship Company and the United States Ship Corp. It was our aim to secure any asset which might be of value to the stockholders of these two companies. In the final analysis we found that the only claim which might develop into an asset was that of the Groton Iron Works against the United States Shipping Board Emergency Fleet Corp. The Groton Iron Works was a subsidiary of the United States Steamship Co. The latter company was in process of being absorbed into the United States Ship Corp. at the time of the institution of the bankruptcy proceedings. Various actions in equity were instituted in behalf of the Groton Iron Works by its trustee, Mr. F. Leroy Harwood, in the United States District Court for the District in Connecticut. After years of litigation and in May, 1931 a stipulation was entered into between various counsel by which the actions mentioned were settled. This stipulation was signed on the 2nd day of May, 1931 by counsel subject to the approval of the court and on the 15th day of May, 1931 a Judge of the United States District Court for the District of Connecticut, sitting as a Bankruptcy court, approved the stipulation. The details of this stipulation are a matter of record in Equity Number 1634 and in Equity Number 1669 of the United States District Court of the District of Connecticut. In other words it was definitely determined that there was nothing left for the stockholders. (I doubt if the 2,000,000 of prior creditors' claims, which had been recognized by the receiver, were paid even to the extent of 10c on the dollar.) In consequence the committee on October 25, 1932, sent a notice to the various stockholders who had deposited that the committee was dissolved and that the stock could be recovered from the depositary if the stockholders so desired."

United States Shipbuilding Co. The United States District Court at Wilmington, Del., informed us as follows on Aug 18, 1937: "A bill in Equity was filed in this district July 11, 1903, against U. S. Ship Building Corp. My recollection is that this company owned the old plant of Harlan & Hollingsworth. James Smith, Jr., was appointed Ancillary Receiver, the primary proceeding being in New Jersey. August 8, 1903 a foreclosure bill was filed by the Mercantile Trust Company of New York, asking leave to foreclose a mortgage. October 1, 1903, a like proceeding was instituted by New York Security and Trust Co. The two foreclosure suits were consolidated. A final decree was entered December 3, 1906, under which I believe the bonds received $42.49 from the proceeds of the sale of the property in this district." The Bankers Trust Co., informed us as follows on Aug. 18, 1937: "Receipt is acknowledged of your letter of Aug. 16, 1937 relative to securities of United States Shipbuilding Company." "A circular dated February 4, 1904 to holders of certificates of deposit

Name State Date Charter Forfeited

for bonds of this Company indicates that there were two classes of bonds."

1. 20 Year 5% Collateral Mortgage bonds, known as "Bethlehem Collateral bonds".
2. First Mortgage 5% Sinking Fund Gold bonds Series "A" dated 1902 due July 1, 1932; issued under First Mortgage of United States Shipbuilding Company dated August 11, 1902 to Mercantile Trust Company, trustee.

We are successor by merger to the Mercantile Trust Company. It appears from this circular that only the above bonds and general claims were entitled to participation under the terms of the Plan and Agreement of Reorganization dated May 25, 1903. The Committee under this Plan was composed of George R. Sheldon, Chairman, Charles S. Fairchild, John E. Borne, Pliny Fish and Charles W. Wetmore; the City Trust Company of New York was Depositary The new Company formed was Bethlehem Steel Corporation (New Jersey), which was until 1936, the time of its merger with Bethlehem Steel Corp. (Delaware), the holding company for the latter mentioned operating company. In respect to the First Mortgage bonds, a bill in foreclosure was filed in the United States Circuit Court for the District of New Jersey on July 30, 1903 to cover all properties except those in Delaware and on August 8, 1903 a bill in foreclosure was filed in the United States Circuit Court for the District of Delaware asking foreclosure of Delaware assets. After these foreclosure sales a deficiency judgment was entered on behalf of the trustees on April 13, 1905 in the United States Circuit Court for the District of New Jersey. The proceeds were finally ordered paid on presentation of undeposited First Mortgage bonds as follow:

I. $167.23 per $1,000 bond with July 1, 1903 and subsequent coupons attached less $3.91 per each missing coupon, by the Clerk of the United States Circuit Court for the District of New Jersey, Trenton, N. J., by order of April 22, 1907 (New Jersey foreclosure).

II. $53.35 per $1,000 bond with July 1, 1903 and subsequent coupons attached, by the Clerk of the United States Circuit Court for the District of Delaware, Wilmington, Del., by decree filed December 3, 1906 (Delaware foreclosure).

III. $45.62 per $1,000 bond with July 1, 1903 and Subsequent coupons attached less $1.08 per January 1, 1904 or July 1, 1904 coupons missing by Mercantile Trust Company, trustee under orders of April 30, 1905 and April 22, 1907 (deficiency judgment).

"We hold funds for the payment of the distribution III noted above." "We have no record as to the trustee of the Collateral bonds. These may have been junior securiites and hence undeposited bonds may not be entitled to distribution." "It would appear from the above that securities junior to these issues are without value at the present time."

United Wireless Telegraph Co. (Me.) The office of Robert H. Montgomery, who was formerly Trustee for the Stockholders Committee, located at 90 Broad St., New York City, informed us on January 7, 1938 as follows: "We are in receipt of your inquiry of January 6th addressed to Robert H. Montgomery, in which you inquire regarding preferred stock of the United Wireless Telegraph Company (Maine). Colonel Montgomery is out of the city and will not return for sometime." "About two and one-half years ago we endeavored to obtain some information relative to this company and ascertained that the United Wireless Company, Wireless Liquidating Company and DeForrest Wireless Company had been dissolved, after due advertising and proper court proceedings, six or more years prior to that time. It was indicated to us that the stock was worthless." We received the following letter from Linwood F. Crockett, Clerk of the Supreme Judicial and Superior Courts, Portland, Maine, dated January 21, 1938: "In reply to your letter of January 20th, will say that if your client did not deposit his stock and prove his claim, in the language of the street, 'he is out of luck'. The only money deposited in the custody of the Court was a fund for the purpose of taking care of checks which were sent out by the trustee and never cashed." We suggest that you notify the above court the name of the stockholder of record. Perhaps the court is holding funds for that particular stockholder.

Mr. Howe informed us that the company's revenue was derived principally through slot-machine radios. This had died out as the clubs, hotels etc. do not want their patrons to pay for radio music. The company has some television radios which they expect to commercialize as soon as television is put on the broadcasting basis. There is no market for the shares at this time and therefore submit only a nominal value for these shares. (1935.)

Universal Lock-Tip Co. Incorporated in Massachusetts in 1924 and received a statement from them as of March 18, 1927 showing assets of $25,100 consisting of Claims, $2,000; Good Will $20,400 and Profit and Loss Deficit $2700. The following report was received from the Boston Better Business Bureau dated Oct. 14, 1935. "The Universal Lock-Tip Company was incorporated under Massachusetts laws in January, 1924, and had an authorized capitalization of $250,000 consisting of 15,000 shares of 8% preferred stock, par value $10. and 20,000 shares of common stock of no par value. William S. Gay was the principal factor in the company. His wife, Mrs. Katherine Gay, was also prominently identified with the promotion." "Bulletins, reports, news releases and radio broadcasts by the Boston Better Business Bureau over a period of several years described in detail the activities of William S. Gay, who resorted from time to time to the use of alleged fraudulent and false statements, flam-

boyant promises and predictions, in literature sent out to the public offering stock 'free' with the purchase of shoes." Activities of the subject were taken up by the Better Business Bureau with the Massachusetts Department of Public Utilities. Under date of July 30, 1926, the Department of Public Utilities issued a finding banning the sale of stock in Massachusetts. The sale of stock of the company had previously been banned by State Authorities in Ohio in 1925, and was prohibited in New York State by an injunction granted in 1926. In March, 1930, the Universal Lock-Tip Co., William S. Gay and Mrs. Katherine Gay were the subject of a cease and desist order issued by the Federal Trade Commission following an investigation." "Complaints regarding the company's activities were referred from time to time by the Bureau to Federal Authorities." "The Universal Lock-Tip Company has been out of business for a considerable period. The Bureau is not possessed of information as to the present whereabouts of William S. Gay." In view of the company's last statement we do not believe the company left any substantial assets and it is our opinion that the shares are absolutely worthless.

Utah Vanadium Corporation. Mr. Ray B. Edson, Secretary of the above corporation, located at Felt Bldg., Salt Lake City, Utah, informed us on March 17, 1937 as follows: "As our company was not operating for a time and did not start building its new mill in southwestern Colorado until late in 1935, there were no annual statements issued." "Our mill is practically finished except for a few minor details and major portion of equipment is now in place. We were compelled to cease work from about middle of December last until just recently because of very heavy snows throughout the Rocky Mountain area, making roads almost impassable in our district for hauling heavy loads of material. "Mill should be ready to begin operation the latter part of April and we should soon start bringing ore from claims in anticipation of treatment." "We control by long time favorable contracts a large acreage of ore showing excellent values in vanadium and uranium. This is situated in the well known McIntyre District in Colorado. The Utah property is held in reserve for future operation." 'The market for product (V205-U308) is good, as hardly a week passes that we don't get inquiries for the material." "We are looking forward to a profitable operation." Production is reported to have been started by the Utah Vanadium Corp., from its new mill on the Dolores River near Cedar, Colo. The company has been installing machinery and equipment for a mill and pumping plant and putting the property in order for steady production. Company holds under lease a group of seven claims in McIntyre District near Paradox Valley in Southwestern Colorado. The lease is to extend over five years with option for an additional five years on the same basis. Recently the company states it secured a bond and lease on a high grade vanadium uranium group of another seven claims of about 140 acres located eight miles west of Gateway, Colo., over the state line in Grand County, Utah. Browne, formerly an officer of the company, now located at 24 Monroe Place, Bklyn, N. Y. informed us on Feb. 10, 1937, that the property of this company was sold about 1910-12 and the proceeds divided amongst the bondholders. The trustee and associates have all passed away. Apparently the 75% was the total amount payable on each bond, and as your bond is stamped as having received this amount, it has no further value.

Vail, Ed. S., Butterine Company, Chicago, Illinois. Common Stock (Par Value $10). The Ed. S. Vail Butterine Company was incorporated the 27th day of September, 1916, in the State of Delaware. In order to determine a value for the Common Stock, we submit the following balance sheet as of June 30, 1928:

Name	State	Date Charter Forfeited

ASSETS

Plant & Property less reserve for depreciation		$ 71,349.45	
Formulae & Process & Trademarks		155,424,58	
Inventories & Current Assets		43,439.41	
Deferred charges to future operations		134,312.28	
Deficit July 1st, 1937	$47,565.95		
Less Profit P. E. June 30, 1928	12,436.32	35,129.63	
			$439,655.35

LIABILITIES & CAPITAL

6% Real Estate Bonds matured	$ 25,000.00	
Notes Payable on demand	15,000.00	
Accruals—Account payable trade creditors	4,554.68	
Real & Personal Property taxes	568.64	
Wages	590.36	
Interest on Bonds & Notes	41.67	
Total Current Liabilities	$ 45,755.35	

CAPITAL STOCK

7% Cumulative Preferred Stock Authorized $200,000 issued	$137,710.00	
Common, Authorized $300,000 issued	256,190.00	
Total Capital Stock Issued	$393,900.00	$439,665.35

NOTES

Dividends on preferred capital stock are in arrears approximately $103,304.07 as at June 30, 1928.

The item of $155,424.58 as shown under assets covering formulae, processes, and trademarks, is made up of $150,000.00 formulae and processes, and $5,424.58 covering expenses incurred in connection with securing from government the right to certain trademark Flavonut. In connection with formulae and processes, $150,000.00 common stock was issued for these. The amount $155,424.58 has a watered value and it would be fair to take only half this amount or $77,712.29 to determine a fair value for the common stock. On the item of deferred charges to future operations $134,312.28 this amount is to be charged against surplus and is deducted from the assets. The item $35,129.63 is a deficit, and it is deducted from the assets. The revised assets are as follows:

Plant & Property-less reserve for Depreciation	$ 71,349.45	
Formulae & Processes & Trademarks	77,712.29	
Inventories & Current Assets	43,439.41	
		$192,501.15
Total Assets	$192,501.15	
After Deducting Current Liabilities	45,755.35	
Assets less Current Liabilities	$146,745.80	
Before we can determine a fair value for the common stock, the total 7% comulative preferred stock issued is deducted from the assets.	137,710.00	
Assets less preferred stock	$ 9,035.80	
Dividends on preferred capital stock are in arrears approximately $103,304.07 as of June 30, 1928. It is assumed that these dividends will be paid before the common stock receives anything, therefore the $103,304.07 should be deducted from the assets.		$ 103,304.07
Deficit that must be cleared before determining the value of the common stock.		$ 94,268.27

According to the above the common stock has no value. There was no demand or market for the common stock on or about the 20th of July, 1928, nor at any time since. In view of the above, it is our belief, the common stock of the Ed. S. Vail Butterine Company had no value as of July 20, 1928 and submit it as such as of that date.

Valdez, Marshall Pass & Northern Railroad Company. We received the following letter from the Manufacturers Trust Company, 55 Broad St., N. Y. C., dated Jan. 8, 1937, and signed by Mr. H. Philips, Corporate Trust Dept. "... According to information received in 1923 from counsel for the Company when the First Mortgage Thirty-Year 5% Gold Bonds dated July 1, 1905, were issued, the Company was without assets, except the right-of-way and construction work, all of which was lost. Said counsel also stated that the Government for some time past had been constructing a road along the same line in part as that which was laid out by the Company and that he did not know what had become of the Company or who the officers were." "According to the records of the Metropolitan Trust Company of the City of New York, original Trustee for the issue, nothing was received for the benefit of the bondholders."

Valido Marble Company. Value of 1st 6% bonds due 1905. Incorporated in Vermont in 1888. Our correspondent at Rutland, Vt. after considerable research has informed us as follows regarding the above bonds: The trustees of this company, Mr. Harmon and Mr. Cheney have both been dead for many years. We had occasion to look up the record of this company in the West Turland Town Clerk's office and find that in Book 2, page 198 under date of

Name State Date Charter Forfeited

June 5, 1890 there is an instrument in which it is referred to as an "Insolvent debtor." This was before the Refereee in Bankruptcy under our state law. We are sure there is no value to the bonds.

Van Camp Packing Co. Unstamped bonds should be presented to the Indiana Trust Co., Indianapolis, Ind. for collection.

Van Camp Packing Company. Incorporated under the laws of the State of Virginia in June, 1921 and had its principal office at Indianapolis, Indiana. On November 30, 1932, Fred C. Dickson, president of the Indiana Trust Co., Indianapolis, Indiana, was appointed receiver in the Federal Court at Indianapolis. Van Camp Packing Co. was declared bankrupt by U. S. Southern District Court of Indiana. On April 17, 1933, the court ordered the sale of the mortgaged property of the company subject to the claims arising out of certain sales contracts. On May 4, and May 5th, 1933 the court was to act on certain reorganization proposals outlined below: Abstract of Reorganization Plan dated August 12, 1932. Holders of prior preference stock, preferred stock and common stock would receive 15%, 15% and 5% respectively of common stock of the new company. This plan apparently was never consummated as the properties were sold in 1933 at which time the company was declared "hopelessly insolvent." The remaining properties were ordered sold on July 15, 1933. The bondholders only received $13.50 on each $1,000. bond leaving no equity for the capital stock. Therefore as the plan outlined above was not acted upon by the court until 1933 which may have given the old stockholders an equity in the new company, and that the property was not sold until 1933, it is our opinion that the capital stock of the company first became worthless in the year 1933 and the investment should be allowed as a tax deduction for that year.

Vasco Products, Inc. On June 4th, 1937, we received the following letter from Mr. Thomas L. Hume, located at Colorado Bldg., Washington, D. C. "Your letter of the 3rd inst. has reminded me that I have been neglectful of my interest as a stockholder of Vasco Products, Inc." "I immediately phoned the Company, and learned that the reorganization plan has been completed, that there are authorized 5000 shares of preferred and 5000 common, both no par that there are no bonds or prior liens—that the company has $50,000 surplus in Govt. and grade A. Municipal bonds that it also has a working cash account and that the current business has been better than normal. Also, that about two years ago the company was cited by the Federal Trade Commission because of the character of its advertisement which fact precluded further advertising —that this matter has been recently settled, and the company will not resume its advertisements. This is expected to increase the business." "The stockholders meeting will be held in October and there will be no written statements issued until that time."

Velie Motors Company. Incorporated August 1, 1916 in Illinois and was engaged in the manufacture of automobiles. The principal office was located at Moline, Ill. As of April 22, 1929 practically all the company's properties had been sold with the exception of land and buildings. President, H. E. Curtis, Moline, Ill.; Vice Pres., F. E. Bradfield; Treasurer, A. T. Huesing, Rock Island, Ill.; Director, F. B. Hitchcock, Chicago, Ill. We were informed on January 2, 1937 that all the company's assets have been sold, and that a final settlement will be made in about six months, resulting in a return to holders of first preferred stock of approximately $5.00 per share. The second preferred and common stocks are without value.

Velie Motors Corporation. The Moline National Bank of Moline, Illinois, informed us as follows on Jan. 2, 1937: "While we have no direct contact with the management of the corporation, we have however learned from outside sources which we believe to be reliable that the only assets presently held are building and equipment all of which have recently been sold. We understand that final settlement will be made in about six months, resulting in a return to holders of first preferred stock of approximately $5. per share. We are informed that this will represent the final liquidation and the second preferred and common stock has no value."

Verde Cobre Mines Company. Incorporated in Arizona April 2nd 1921 and since 1931 has failed to file reports or pay registration fees annually, as required by Law. The last known address of the company was Prescott, Arizona, in care of William Stevens, President and George H. Stack, Sec'y. This corporation will be declared legally dead when legislative appropriation shall be made for such purpose. However, as the State of Arizona is without funds, to declare the charters forfeited the company legally holds its charter. The shares have absolutely no market value. Therfore it is our opinion that the shares have little, if any, value at this time.

Verde Copper Mining Company. Incorporated in Arizona in 1909 and its charter expired by 25 year statutory limitation in 1934. We found no value to the stock and therefore believe the shares are without value.

Verde Hub Copper Co. of Arizona. Incorporated in Arizona on Nov. 8, 1916 and since 1933 has failed to file reports or pay registration fees annually, as required by law. The last known address of the company was Macon, Ill., in care of William C. Fields, President. Under the provisions of the statutes of Arizona the Arizona Corporation Commission is required to take action against all corporations which have failed for a period of two years or more to file annual reports and pay the fees thereon. The corporation will be declared legally dead when legislation appropriation shall be made for such purpose. In view of the above and for the reason that the company was reported dormant in 1931 by the Mines Information Bureau, we believe that the shares became worthless in 1933 or 1934 when the company failed to file any further reports.

Verde Mines & Milling Company. Incorporated in 1919 in Arizona and at last accounts was located at 201 Pemberton Bldg., Boston, Mass., in care of H. H. Patten. In 1931 the property of the company was reported as inactive. A letter addressed to Mr. Patten was not answered nor returned. The stock of the company is listed on the Boston Curb, but has no market at this time. (1933.)

Vermont Central Railroad Co. We received the following letter from the First National Bank of Boston, Boston, Mass. dated Oct. 8, 1937. ". . . from information in the files of American Trust Co. which came to us as that bank's successor it appears that the holders of First Mortgage bonds of Vermont Central Railroad Co., were given twenty per cent of the par value thereof in Preferred stock of Consolidated Railroad Company of Vermont and that the holders of Second Mortgage bonds were given ten per cent of the par value thereof in the same stock under a Plan of Reorganization which took place in 1883. So far as we can determine from the records, this settlement was made only to those holders of Vermont Central Railroad Co. bonds who deposited their bonds at that time. It is not possible to determine whether there was a foreclosure dividend, and it appears that the only method of determining would be to search the records in the Chancery Court in Vermont. It is the impression, however, of former officers of the American Trust Co. that there is no foreclosure dividend for the reason that the receivership expenses over a period of many years had dissipated practically the entire value of the security. The American Trust Co. was not the Trustee for these bonds." There was a foreclosure dividend for those who did not take stock. We received the following letter from the Rutland County Clerk's Office, Rutland, Vt. signed by Mr. G. N. Harman, and dated Oct. 21st, 1937: "On Sept. 8, 1868, a decree of the Court of Chancery for the county of Rutland was recorded, in which decree disposition of certain bonds of 'The Rutland & Washington Railroad Co. & al.' are involved. It is a long decree and refers to certain 'lost bonds'." "I do not know whether or not this is the matter about which you inquire, but can find nothing else that has to do with the disposition of any bonds. As I understand it, the Vermont Central Railroad was either forerunner or successor of the Rutland & Washington Railroad Co. Perhaps, if I knew to whom this unclaimed bond was issued, I might be able to determine whether or not it was one of the 'lost bonds' indicated in the decree." "The final successors and present operator of this railroad is the Rutland Railroad Co., of which the general offices thereof, are located here at the city of Rutland. It might be well to communicate with Edwin W. Lawrence of this city, its general counsel."

Victory Gold Mines, Ltd. Value of capital stock par value $1. Incorporated January 12, 1916 in Ontario and was located at 36 King St., Toronto, Ont. My correspondent informed me that he was referred to H. H. Sutherland of 112 Yonge St., Toronto, a well-known mining promoter. He reported that the company lost its property through a sheriff's sale in Nova Scotia. I am also informed that it was a stock selling scheme from the start, and that the shares are without value.

Virginia, Commonwealth of. The following securities have not been presented for collection. Old & Unfunded Debt of the Commonwealth of Virginia dated prior to July 1, 1891. Commonwealth of Virginia 3% bonds dated July 1, 1882 and payable July 1, 1932. Commonwealth of Virginia $2.-$3. bonds dated July 1, 1891, due July 1, 1991. which were called for payment on January 1, 1937. These are direct obligations of the Commonwealth of Virginia and were subject to funding and payment at the office of the Treasurer of Virginia, Richmond, Virginia. Virginia Deferred (West Virginia) Certificates dated July 1, 1871 and subsequent. These certificates are exchangeable through the office of the Treasurer of the State of Virginia, Richmond, Virginia, with the State of West Virginia for cash in accordance with a decree of the Circuit Court of the City of Richmond, dated July 1920, not at par. The Virginia Deferred (West Virginia) Certificates must be presented for exchange prior to January 1, 1939.

Virginia, Commonwealth of. Value of Bond No. 2236 for $100. issued 7/1/1871. This bond is fundable at 68.25% of its face value into a Virginia Century Fractional cft. The coupons attached thereto are valueless except those due in July, 1889, January and July, 1890 and January and July, 1891, five coupons of $3. each. These coupons are fundable at 75% of their face value. The funding value of the bond and coupons together aggregates $79.90. The fractional certificates may be sold at 70% of their face value or $55.93. The law requires that a commission of 3½% be paid for the funding on the new issue. The new issue being $79.90 would make this funding fee $2.70. (1934.)

Virginia, Commonwealth of. Value of Virginia Deferred (W. Virginia) certificate. Certificate No. 703 for $333.33 is worth at this time $254.16. Certificate No. 728 for $300. is worth $225.06. (1934.)

Virginia, Commonwealth of. Value of 6 deferred cfts. According to the figures we received, each cft. has a value of $2.07 or a total of $12.44 for the six certificates. (1934.)

Virginia Commonwealth of Deferred. (W. Va.) Cft. No. 2478 for $50. dated July 1, 1871 in the name of Thomas W. Ackley. This certificate is convertible into a W. Virginia Fractional cft. at 91.11% of its face value, $45.55. On this item the court allows a commission of 1% for making the exchange 46 cents and 60 cents for forwarding cft. in W. Virginia for exchange. (1934.)

Virginias Fruit Exchange. This company was chartered April 11, 1910, with its principal office at Romney, West Virginia. The company was dissolved by decree of court February 23, 1917. Report of officers filed in 1910 shows the following officers: President, W. B. Cornwell, Cumberland, Md.; Secretary, William Campbell, Charlestown, W. Va. The company failed to file a report in 1911 and thereafter. Apparently it went out of business as we have been unable to find any further trace of the company or any record of its stock. The bank in Romney knows nothing about the company. We have searched through every possible source and failed to find any further value for the stock. It is our opinion that the shares are worthless.

Vulture Mines Company. Incorporated in Maine on June 27, 1908 and filed its last return in 1915. The charter was suspended in 1918. This company was formerly located at Wickenburg, Arizona. It was active for the years 1912 through 1915 and produced ore valued at $429,416. President, Robert Mackay; Vice President, F. W. Rockwell; Secretary, R. T. Sewell; Treasurer, A. McLean. The company was reported idle after 1915. The equipment was sold in 1921. The Better Business Bureau of Boston cannot locate any of the officers. We found no value to the stock and therefore believe the company failed and that no equity was left for the stock which is without value. (1935.)

Waco Water Company. We received the following letter from the First National Bank of Waco, Waco, Texas, dated January 18, 1938 and signed by Mr. Karl H. Sherman, Vice President: "We have been unable to find any record of the dissolution of the Waco Water Company, or any information as to how its obligation might have been settled. The City of Waco has operated the Water system here since about 1903, and at that time acquired the properties of a private water company that was known as the Bell Water Company. Our City attorney has inspected the records of the City but he finds nothing outstanding in the form of any unpaid bonded indebtedness of any private company that might be an obligation of the City." "An attorney here who is well along in years, says that it is his recollection that the Waco Water Company was placed in bankruptcy and the properties were sold to satisfy the very substantial indebtedness. He does not recall what year this occurred or any of the details."

Wadsworth, New York City; Frederick Straith-Miller, Bethlehem, Penn.; Harry B. Frederick, Castasauqua, Penn. Mr. Aubrey informed us in February, 1936 that he acted as attorney for the incorporators of this company, but to the best of his knowledge the company never functioned. Therefore it is our opinion that the shares are without value.

War Eagle Consolidated Mining Co. Incorporated in Connecticut and is located at 919 Real Estate Trust Bldg., Phila., Pa, in care of Frank Spencer Lewis, President. Mr. Lewis informed us as follows on April 21, 1937: "There is nothing new to report since work has been stopped for some time by the Golden Chariot-War Eagle Mines Co., under the contract we had with them, which under the terms of the contract carries on for future years. They seem to be unable to finance the raising of the necessary funds to proceed, which is not surprising in view of the diabolical condition of things in general." "I have several times advised Mr. Richard E. Boller that I would promptly advise him when there was anything in regard to the operation. Unfortunately the various estates have not done anything in aiding in the carrying on of even the small expenses of keeping alive the company."

Warner-Quinlan Company. On May 3, 1937, Federal Judge Hulbert, stated that he would refer reorganization proceedings to a special master for determination of fairness of the proposed plan, the solvency and for possible appraisal of the 200 service stations to be sold under terms of the plan. Judge Hulbert expressed his dissatisfaction with the proposal to sell the service stations for $4,180,000 to Cities Service Co., in view of the report that the stations were worth at least $7,500,000 and were valued on the books of the company at $6,000,000. The assets were finally acquired by the Cities Service Company, under provisions of the Plan dated March 10, 1937, and consummated in October 1937. Each 4 shares of common stock of Warner were exchangeable for an Option Warrant entitling the holder to purchase one share of Cities Service common stock at $6. per share during 12 months period after consummation of the Plan.

Washington Interurban Railway Company. We received the following from M. O. Lorenze, Director of Statistics of the Interstate Commerce Commission, Washington, D. C., dated November 9, 1937: "In answer to your letter of November 5th, I wish to say that the records of this Bureau indicate that all of the property, rights, and franchises of the Washington Interurban Railway Company were sold on December 23, 1915 under decree of sale of the U. S. District Court for the District of Maryland. The Washington Interurban Railroad Co., was organized on Jan. 27, 1916 under the laws of the State of Maryland to take over all the property, rights and franchisses of the old Washington Interurban Railway Co., and on March 20, 1916 it took possession of the same." "The last annual report filed with this Commission by the Company covers the calendar year 1922. This Company was a subsidiary of the Washington Railway & Electric Co. The Interstate Commerce Commission, in its decision No. 13135 held that this company and its subsidiaries were not subject to the Interstate Commerce Act." "Perhaps the Capital Transit Company (H. D. Crampton, Secretary and Treasurer, Washington, D. C.), which acquired the property of the Washington Railway & Electric Co., and its subsidiaries can furnish you with the information that you desire regarding the stock of the Washington Spa Springs & Gretta Railroad Co., the predecessor company of the Washington Interurban Railway Co."

Washington Square Players, Inc. Value of Income Bonds. Incorporated in New York and was located at 131 W. 41st Street, N. Y. C. in 1917. President, Edward Goodman; Vice President, L. Huffaker; Treasurer, Lawrence Langner. In 1918 the company was out of business. The charter of the company was proclaimed forfeited by the Governor of New York State in December of 1929. The company was only capitalized for $1000. This apparently was lost as new interests took over the company in 1917. Mr. Goodman was secretary of the company in 1916. These bonds apparently were issued at the time that Mr. Goodman became President. As the company was not in business in 1918 it is reasonable to assume that there was no income to pay on the above bonds. Therefore when the company went out of business, the bonds became worthless and submit them as such.

In 1912 the company got into financial difficulties at which time the company secured additional capital with approval of the stockholders, by issuing $300,000. of First Preferred stock. The old preferred stock was then classed as second preferred stock. The company subsequently reorganized as the Waterbury Rope Co. Inc. There was no provision made for the second preferred stock in the reorganization, and therefore the shares are entirely worthless.

Wayland Manor, Inc. We received the following letter from Mr. N. E. Hanf, Assistant Trust Officer of the City Bank Farmers Trust Company, located at 22 William St., N. Y. C., and dated Feb. 15, 1938. "Your letter of Feb. 9, addressed to the National City Bank of New York, requesting information concerning Wayland Manor, Inc. 7% General Closed Mortgage Sinking Fund Gold Bonds due 1938, has come to our attention as Successor to the Bank of America National Association, Successor to the Murray Hill Trust Co." "In reply we write to advise that the properties of Wayland Manor, Inc., were sold at foreclosure several years ago, and after payment of the liens senior to that securing the issue for which Murray Hill Trust Company, was trustee, there were no funds available for distribution to the holders of the above bonds. In view of the foregoing, we believe it is reasonable to assume that the bonds are without value."

Wayne Coal Co. This company went into the hands of receivers Dec., 1925, and with the exception of the first three months of receivership, the company has ceased operations, and in the past year the assets have been gradually liquidated with the result that they have now but three electric shovels left. From the amount realized from the sale of the major part of their equipment there will not be sufficient amount of money to satisfy preferred creditors in full, consequently there will be nothing left to apply on common creditors claims or distribution to common stockholders.
Wayne Coal Company. Rose & Eichenauer, attorneys, located at Oliver Bldg., Pittsburgh, Pa., informed us as follows regarding the value of the 6% bonds: All bonds and attached coupons should be forwarded to Walter A. Jones, Special Master, Rowlands Bldg., Columbus, Ohio, for the following payments:

Upon each $1000. bond.	$39.89
Coupon No. 16 due 3/1/1925	1.23
" No. 17 " 9/1/1925	1.20

Coupons that are presented for payment without the bond will not be honored. The funds are now held by the Colonial Trust Co. of Pittsburgh, Pa., or the United States District Court, Columbus, Ohio.

Web Holding Corp. Incorporated in New York and was engaged in the realty business with an office at 174 Second Ave., N. Y. C. in 1927 and 220 W. 42nd St. in 1930. President, Paul Heering, 15 W. 81st St., N. Y. C.; Secretary, Jos. Sheldon, 521 Fifth Ave., N. Y. C.; Treasurer, Louis Goldman. The company went bankrupt in 1931. At that time the property was foreclosed and sold for the benefit of the prior lien bondholders. There was not enough realized from the sale to pay the prior lien bonds in full, leaving no equity for the debenture bonds and stock. Therefore we submit the debenture bonds and stock as worthless as of March 5, 1934.

West Florida & Alabama Railroad. In 1890 this line was projected to run from Chipley, Fla., via St. Andrews Bay & St. Joseph to Apalachicola, Fla., a distance of 150 miles. Surveys were made and 45 miles were graded. This road never laid any track and as far as we have been able to determine, the project was abandoned. It was reported in 1903 that the bonds of the company were worthless, and therefore submit them as such as of this time.

West Highland Park Corporation. (Va.) Our very reliable correspondent at Norfolk, Va., informed us that upon inspection of the City Treasurer's assessment books, it was found that there are fourteen vacant lots assessed in their name in the sum of $4,190. and one house and lot assessed in their name at $1,000. President, T. M. Bellamy, Norfolk, Va.; Vice Pres., F. L. Beasley, Norfolk, Va.; Treasurer, J. W. Hough, Norfolk, Va.
West Highland Park Corporation. (Va.) Mr. James Mann, an attorney, and former director of the corporation, informed us in March, 1936, that the company owns about 14 lots on which taxes have not been paid for many years. Mr. Mann considers the stock worthless as the company could not realize enough from the sale of its property at this time to pay the back taxes in full. Mr. Mann's present address is Seaboard Bank Bldg., Norfolk, Va. (1936.)

West India Improvement Company. Regarding the 4 per cent. 10-year bonds of the above named company, issued in 1889, the Central Trust Company of New York now the Central Union Trust Company of New York paid three dividends on these bonds, one, $40 per bond, a second of $163 per bond and a last and final dividend of $132 on each bond. The distribution of this last dividend was brought about by the sale of unallotted lands, 3,677 acres, in Jamaica, which sale netted the Trustee $11,502.82. Trustee also sold inscribed stock at 88½ producing a net sum of $100,872.39.

Westbrook Holding Company, these units are of no par value whatsoever and were given gratis." "With reference to interest certificate in the John W. Westbrook Company this interest, as to this date, is of no par value because of the fact we drilled this well to the contract depth of 3500 feet and did not get oil." "However, for your information I am now drilling approximately eight miles to the northeast of the Concho County well in McCulloch County, and the same motive that prompted me to give the units in the Coucho County Holding Co., still prompts me to extend the same courtesy in the McCulloch County Enterprise, with the exception these units represented one-half interest in the Concho County project but represented one-fourth in the McCulloch County project." Wheeling & Lake Erie Railroad Co. The following is a copy of a letter received from The Wheeling and Lake Erie Railway Company: dated Aug. 8, 1935. "Referring to your letter of August 6th, inquiring as to the present value of stock of the Wheeling & Lake Erie Railroad Company issued in 1913, held by your client namely, 1,000 shares issued in the name of John McDonald and 2,800 shares issued in the name of Clark Bell. Under the Plan and Agreement of Reorganization dated Sept. 20, 1917, stockholders of the old company were to pay an assessment of $27. per share of stock whether first preferred, second preferred or common of The Wheeling & Lake Erie Railroad Co. held by them, such stock to be deposited with Central Trust Co. of New York as depositary, and upon consummation of the plan were to receive stock in the new company, The Wheeling and Lake Erie Railway Co. in pro-rata amounts. In view of the fact that your client still holds the stock certificates, it is evident that the stock was not deposited under the Plan nor the assessment paid, and therefore as I am advised such stock issued in 1913 is of no value at this time."

Whippoorwill Realty Co., Inc. Value of 25 Units Representing 25 shares of $8. Cumulative Preferred Stock, and 500 shares of Common, no par value. Incorporated in New York and is located at 120 Broadway, N. Y. C. The Company's balance sheet as of Dec. 31, 1936 shows the following:

846 shs. Pfd. at $80. per share	$67,680.	
20,950 shs. Common $1. per share	20,950.	$ 88,630.00
Surplus		289,880.19
		$ 378,510.19

The preferred stock is entitled to $100 per share in liquidation. The dividend arrears on the preferred stock for the period 1935 and 1936 amounts to $16 per share. After allowing $100 per share for 846 shares of preferred stock amounting to $ 84,600.00 and $16. per share for dividends arrears amounting to 13,536.00
$ 98,136.00

White Hills Silver Mines Inc. The address of this company is 321 E. C. Lyon Bldg., Reno, Nev. Officers: J. K. Turner, Pres., Gen. Mgr.; L. L. Wallace, Vice Pres.; Ben Gill, Sec. & Treas., Nevada State Life Bldg., Reno, Nev. Company incorporated Sept. 1925 as a successor to the White Hills Mining Co., stockholders receiving two new shares for each old one held. From 1892-96 the property was operated by the White Hills Mining Co. and later by the White Hills Mining & Milling Co. both now defunct. Mine is credited with a production record of 9,000,000 oz. silver and $100,000. in gold. Capitalization: $5,000,000.; $1. par assessable; 1,000,000 shares outstanding. Last assessment No. 7 of 1c per share levied Sept. 1929. Had 42 claims (26 patented) 542 acres in White Hills district Mohave county, 30 miles No. of Chloride. Developed by shaft, crosscuts and drifts to a depth of 400 ft. During 1929 the G. A. R. claim was continuously developed principally on the 300 ft. level and some ore of milling grade encountered warranting further development. A lessee on the African claim opened a small shoot of high grade ore and made two small shipments. For the 9 months period ended Sept. 1. 1929, $3,717. was spent on development. If the above assessments were not paid the shares were sold for default and have no value. There is no market for the stock and therefore believe the shares have little, if any, value. (1936.)
White Hills Silver Mines Inc. Our correspondent at Reno informed us on March 18, 1936 that the company at the present time has granted lease and bond to purchase their assets. There is no market for the stock at this time. (1936.)

White Metal Mining Co. Incorporated in 1917 in Arizona and at last accounts was located at Winkelman, Arizona in care of J. C. Devine. Transfer Agent, State Street Trust Co., Boston, Mass. Property, 15 claims, 1 patented, 300 acres, on the South side of the Pinal Range in Pioneer District, Gila County, Arizona. Ore is said to average 20 oz. silver, with gold and lead. Shipments began in 1926, no report since then. There is no market for the stock at any price.
White Metal Mining Co. The property of this company was deeded to the State of Arizona on Feb. 21, 1936, for deliquent taxes, and offered for sale by the Board of Supervisors on Nov. 5, 1936. at a public sale. The property was bought in by J. C. Devine, 237 E. 3rd St., Tuscon, Ariz. The shares are therefore worthless.

Whole Milk Flour Process. This process was owned and operated by the Buffalo Developing Syndicate. We do not believe the process was successful as the Buffalo Developing Syndicate never received a Certificate of Authority to operate in New York State. We also searched for the Jacques Investment & Engineering Co. and found no record of it. It is our opinion that the shares are without value.

Wickwire Spencer Steel Co. Value of Cft. of Dep. for 200 shares of common stock. Incorporated January 3, 1925 in Delaware and was placed in equity receivership on October 22, 1927. On Oct. 16, 1935, according to reports, the company was declared insolvent as of July 30, 1934. According to the ruling, common stockholders are deprived of any equity in company. On March 6, 1936, it was reported that a final order was filed approving company's plan of reorganization dated August 30, 1935. This plan provided that old common stockholders would receive rights to purchase one share of new common stock at $15. per share for each ten shares of old common held. It is believed that the reorganization mentioned above will be approved. The old common shares are now quoted at 10 cents per share, and believe that the certificates of deposit for common stock are worth the same as the undeposited stock. Therefore we submit 10 cents per share or $20. as a fair value for the certificate of deposit for 200 shares of common as of March 16, 1936.

Williams, W. P., Oil Corporation. Value of capital stock (par $1.) Company was organized under the laws of Delaware in 1918 and was reported to own leases on approximately 120,000 acres of oil and gas properties within the state of Kentucky. The authorized capital stock was $1,500,000., par $1. Almost immediately after organization the company paid dividends. Back in 1918 the market for the stock was reported at 50 cents bid, $1.50 asked, and in 1919, 80 cents bid, $1.25 asked. About 1924 the company was placed in the hands of the Kentucky Title Savings Bank and Trust Company of Louisville, Kentucky, as receivers, since which date there has been no market for the stock. In deponent's opinion the stock was of no value as of April 24, 1927.

Williamsport & Elmira Railroad Co. The Pennsylvania Railroad Company informed us as follows: "Replying to your letter dated September 25th, regarding the Williamsport & Elmira Railroad Company bond mentioned in your letter of May 13th." "We obtained from Mr. Geiger some miscellaneous papers and records pertaining to the reorganization of the W. & E. R. R. Co., and although the information contained therein is very meager, I feel safe in saying the bond you hold has no value whatever." "As near as I can determine, at the time of the reorganization of the company, it had outstanding:

Capital Stock	$1,500,000.
First Mortgage Bonds	1,000,000.
Second Mortgage Bonds	700,000.
Third Mortgage and Chattel Mortgage Bonds	500,000.
Unpaid Interest Coupons and Scrip	161,000.
"Confidential Debt" (Unable to state amount estimated	300,000.
Total	$4,161,000.

"The Williamsport & Elmira R. R. Co., was sold at public sale under foreclosure proceedings in April, 1860, to Edward S. Whelen, Attorney, **in trust for the benefit of such first mortgage bondholders as had deposited their bonds and had by writing under their respective hands authorized Whelen to act for them.** Of the $1,000,000. first mortgage bonds outstanding $952,000. were deposited and the holders of these bonds received a like amount in first mortgage bonds of the new company. The remaining $48,000. bonds were not deposited, and, as the holders of these bonds did not sign the Agreement or Power of Attorney, or contribute their share of the expenses, all their rights were extinguished by the sale. The price paid by Whelen was $100,000., partly in cash and the balance in first mortgage bonds of the Williamsport & Elmira R. R. Co., and the sale was confirmed by the Supreme Court of Pennsylvania." The above mentioned letter is quite conclusive. Those $48,000., of bonds that were not deposited of course could not share in the distribution of new bonds. Each depositing bondholders, probably was required to pay a certain amount of cash on each bond in order to pay for the expenses of the foreclosure. Of course any bondholder that did not help defray the expenses of the sale gave up all the equity in his bond, for not sufficient funds were realized to more than pay for the expenses of the sale. The bonds in our opinion are worthless as any claims the bondholders may have had would be barred by the statute of limitations.

Winona Copper Company. Incorporated in Michigan and lost its charter on Nov. 13, 1928. Judge John G. Stone, Circuit Judge for the twelfth judicial circuit, Houghton, Michigan, informed us on Sept. 12, 1934 that there were no assets available for the stockholders of this company when it was finally liquidated. The receiver located at Houghton stated that the liquidation was completed in December 1933 and that the shares had no liquidating value. In view of the above, we submit the shares as worthless.
Winona Mill Company. Incorporated on September 17, 1879 in Minnesota and had a period of duration of 30 years. It has never been renewed and expired by limitation in 1909. We found no value to the stock and therefore believe the shares are without value.
Winona Pool Copper Company. Mr. L. G. Cavnah, 201 Guardian Trust Bldg., Denver, Colo., informed us as follows on November 12, 1937: "There is no market whatsoever for the Winona Pool Copper Co., stock. The charter for the company was cancelled several years ago. However, the stockholders of this company should not lose this property and, as a stockholder in the company, I would very much like to see an effort made for the Winona stockholders to clear up the titles and reincorporate the company. I have the old records, assay maps and engineer's reports at my disposal, and I believe that the evidence shows this property to be of extreme value. For instance, there is exposed on this property a body of low grade ore approximately 1,000 feet wide, 2,000 feet long and exposed to a depth of 250 feet giving some 20,000,000 tons of ore, and the average value taken from forty assays from 200 feet cross cut tunnel shows 1.2% copper, .11 in gold and some 25¢ in silver per ton or a gross value of $5.00 per ton. In addition, there are large powerful veins cutting this property that will average much higher. This would mean that this property has a potential value of many millions of dollars. Since the property was patented it would be a shame for the stockholders not to get together and again bring this property to life. I would appreciate hearing from you as to what your opinion might be toward joining with other stockholders to see what can be done. In the old days the property was isolated. Now there are roads and highways adjacent and the mine could be put into operation on most any tonnage basis without much difficulty and I believe that it would be

most interesting to a large mining company. I understand that there are strong financial interests looking for just such a property as the Winona."

York City, informed me that Woods Motor Parts went into receivership in 1931 and that there was no equity whatsoever for the capital stock as of March 7, 1935. Mrs. Hess further stated that the company had no assets and was out of existence as of the above date, and that the Anthracite Institute has written off their entire investment of $200,000 in the company as a total loss. Therefore, I submit the preferred and common shares as worthless as of March 7, 1935.

World Bestos Corporation. Value of pfd. and common stocks. The World Bestos Corporation was incorporated under the laws of the State of Delaware on June 13, 1923 and is engaged in the manufacture of "brake linings" with their principal place of business located at 52 Courtland St., Paterson, N. J. Mrs. F. M. Norris, Secretary of the Company, located at 52 Vanderbilt Ave., N. Y. C., informed us that the company has lost money for the last few years and that no dividends have ever been paid on the preferred stock. Mrs. Norris further stated that in July, 1934 units of one share of preferred and one share of common stock were offered at $17. per unit and received no bids. We found, however, a client, who stated that if units were offered at $10. per unit about the date of death probably it would have been paid. In view of the above we believe that $10. per unit of one share of pfd. and one share of common stock was fair as of Oct. 23, 1934.

First Preferred and 7% Non-Cum. 2nd Preferred Stock of the World Film Corporation, and advise that I understand that this corporation ceased doing business many years ago, and its few remaining assets have been taken over through foreclosure by the Noteholders Committee, and it is evident that the proceeds from their liquidation will fall far short of the amount needed to pay off the notes in question, so that the stock of the corporation has, in my opinion, no value whatsoever."

Wright Edmund Ginsberg Co. Inc. Incorporated in New York and was engaged in the factoring business with an office at 159 Madison Ave., N. Y. C. As we understand it the company also owned their building. Mr. Ginsberg informed us that the Commercial Credit Corp. purchased the factoring business of the Edmund Wright Ginsberg Co. Inc. for 35,000 shares of their common stock. This purchase, however, did not include the building. Therefore in order to divorce the two, the Edmund Wright Ginsberg Corp. was formed to take over the factoring business. All of the stock of the Edmund Wright Ginsberg Corp. is entirely owned by the Commercial Credit Co. The Edmund Wright Ginsberg Co. Inc. having given up its factoring business changed its name to Ginsbros Corporation. The only assets of Ginsbros Corp. are 35,000 shares of common stock of the Commercial Credit Co. and the building which Mr. Ginsberg informed us is a liability. The shares of Edmund Wright Ginsberg Co. Inc. which were originally sold in units are now exchangeable at the Bankers Trust Co. share for share for stock of the Ginsbros Corp. The units we understand are worth about $50. per unit. It would seem advisable in this case to find out something about the building whether it can carry itself or whether the building as a liability will eat up all the profit on the Commercial Credit stock. Wrigley Pharmaceutical Company. Incorporated in Delaware on Dec. 8, 1920 and according to reports is located in the W. W. Wrigley Bldg., Atlantic City, N. J. The Better Business Bureau of Philadelphia informed us as follows regarding the above company. "When the State of New Jersey put up its barriers against the sale of the stock of the above company and decreed, through its Chancery Court, on Sept. 10, 1929 that no more Wrigley Pharmaceutical stock could be sold in that State, William W. Wrigley, president of the company and its associates, transferred their stock selling operations to Wilmington, Del. where the machinery for prevention of fraudulent sales of securities is not as highly developed as it is in the state of New Jersey. However, the Post Office Department can function as effectively in Delaware as in other parts of the United States. So these promoters were confronted with such stout evidence in support of a charge of using the mails in a scheme to defraud that they pleaded 'nolo contendere' before Judge John P. Nields, in the Federal Court at Wilmington, Del. on March 27, 1935. Judge Nields accepted this plea as being the same as a plea of guilty and sentenced William W. Wrigley, president and Patrick Gallagher, vice president, to pay fines of $500. each. George S. Bloss was fined $300. and Benjamin McC. Goldsmith was fined $1,000. The case was dismissed as to Robert T. Gallagher, former secretary and treasurer, since he had died on Oct. 14, 1934. By authority of the Attorney General of the United States the case as to Chester A. Gumpert, Thomas Novak, Harry Bernstein and Morris B. Shuman, stock salesmen was 'nolle prossed.'" It was reported in November, 1936 by the company's transfer agents, Security Transfer & Registrar Co. of New York City, that they have handled the company's account for fifteen years and there has been no activity in the stock for some time. It was further reported that the transfer agents had recently received an accounting prepared by the First Central Trust Co. of Akron, Ohio, upon which a decree was handed down by the Orphans Court, Alleghany County, Pa. in March of 1935, which showed the Class A and common stock of the Wrigley Pharmaceutical Company as worthless. The Class A stock was offered by Steelman & Birkins brokers of New York City, on Sept. 9, 1936 at 15 cents per share with no bid. The same firm offered common stock at the same price on Oct. 9, 1936 and received no bids.

Wyandot Copper Company. Mr. Frederick Holtt, an attorney, located at 89 Broad St., Boston, Mass., informed us as follows: "The Wyandot Copper Co. was dissolved and its affairs wound up in 1927 and a final liquidating dividend of two cents per share was paid to stockholders of record in December, 1927. During the time the corporation was in existence, certain assessments were levied from time to time and at the date of dissolution only stock showing $13.50 per share paid in was in good standing. Stock showing less than that amount had been previously sold for non-payment of assessments under the Michigan statutes. "Accordingly, if your client's stock shows $13.50 per share paid in he has probably received the final liquidating dividend of two cents per share. If his shares show less than that amount paid in, they are valueless."

Said corporation was dissolved by Charter 8 of the Acts of 1935. Lyne, Woodworth & Evarts, attorneys, located at 75 Federal Street, Boston, Mass., reported that this company was organized to acquire the Sloop Yankee, which it did subject to a note held by the Second National Bank of Boston. When the season was over the Yankee was sold and the Second National Bank of Boston was still owed a balance of about $14,000 on its note. Therefore, in view of the fact that the company has no assets and is out of business, I submit the shares as worthless as of March 7, 1935.

The property showed low-grade ferruginous copper ores. The outrageous misrepresentations made regarding the company's property by the promoters deserve the severest censure. Mr. Sauntry was a lumberman, who knew nothing about mining, found that the hostile Yaqui Indians did not approve of his methods. In 1906 it was reported that the company was a deliberate swindle. Yellow Taxicab Company. Incorporated under the laws of New York State on March 3, 1912, with $5,000,000 authorized capital stock. Shortly after its organization the company took over the taxicab business of the New York Transportation Company and at the end of May the stockholders of the Cab & Taxi Company and the Yellow Taxicab Company agreed to consolidate and operate under the name of the Yellow Taxicab Company. Company's outstanding capitalization: Par of shares $100; first mortgage bonds $500,000; second mortgage bonds, $200,000; preferred stock 7 per cent., cumulative $1,000,00 authorized $850,000; common stock (par $100), 4,000,000. Officers and directors; A. R. Rockwell, Bristol, Conn., vice-president and treasurer; H. R. Schwartz, secretary; P. J. Holdsworth, William M. Lyhrand, Robert C. Watson, Charles F. Pope, William J. Moran and Allan Sexon, all of New York City and Charles T. Treadway of Bristol, Conn. The consolidated company had a large list of patrons and also furnished the transportation service for most of the principal clubs, hotels and restaurants in the city and also the taxicab service for most of the patrons of the Pennsylvania Railroad and the Central Railroad of New Jersey. It was due to the various private hack stands near or in front of these clubs and restaurants that most of the taxicab business and profits were brought in. Therefore, when a new ordinance abolishing private hack stands and at the same time fixing a lower schedule of fares, the Yellow Taxicab Company with other like companies found themselves in unfortunate positions. Several taxicab companies (including the Yellow Taxicab Company, Mason-Seaman Transportation Co., New Taxicab Company) and hotels made motions to the Court to restrain such an ordinance. The Yellow Taxicab Company stated in its complaint that the business directed to the offices or garages amounted to only 17 per cent of the total and that the hotel and restaurant business furnished its only opportunity to realize a return on its investment and an affidavit, was presented according to the New York Sun showing that the company had never paid a dividend and had not earned enough from its taxicab business to pay interest on its debt. The gross revenue for the year ending May 21, 1913, was stated as $2.228,959 and the deficit for the year was $8,947. The rates of the new ordinance would reduce the revenue by $559,212. Company appealed to higher court but the court held valid the ordinance and the Mason-Seaman Transportation and Yellow Taxicab Company merged in March 1914 under the title of the Mason-Seaman Transportation Co. as the companies were "eating themselves up" with reduced fares and no private stands. The new company had a capitalization of $5,000,000 preferred and $5,000,000 common. The officers were William H. Bernard, president and treasurer; Alan Sexen and E. B Seaman, Jr., vice presidents and James W. Salisbury, secretary; and A. F. Rockwell, president of the Board with Mortimer B. Fuller, R. P. Holdsworth, Francis Ducasse and Jacques Rosenberg. Allan Sexon and A. Leo Everett were appointed receivers of the company on March 31, 1916, by Judge Hough in the U. S. District Court, N. Y. Its assets sold in 1917 and this sale failed to net enough to satisfy creditors and therefore the capital stock of the Yellow Taxicab Company cannot be of any value.

York County Iron Company. Value of $11,000 of 6% bonds due 1883. The York County Iron Company was incorporated under the laws of the State of Pennsylvania and as far as we have been able to determine, the company was unsuccessful and went out of business before 1883. The following were trustees of the bonds. Lucius M. Sheldon, Brooklyn, N. Y. W. W. Rossiter, Brooklyn, N. Y. Mr. Rossiter and a Mr. Snow were interested in various mining ventures according to our records and apparently were unsuccessful, as the companies never lasted very long. We have searched our records and found no record of this company's operations nor any evidence that the bonds have value. It is our opinion that the bonds were worthless as of

Yorkville Boys, Inc. (Club). Value of 5 year Deb. Bonds due 1932. This club is located at 432 E. 84th St., N. Y. C. All interest has been paid on these bonds, but have been unable to pay the principal as the club has no money in their treasury. The bond is a debenture and only gives you the right to sue. When conditions improve, the bonds may have some future value. We received an offer of $5. per bond. (4/24/1934.)

Yorkville Boys, Inc. (Club). Supplementing our previous report the interest was paid on the debenture bonds up to their maturity date. Mr. Eppsteiner, Treasurer of the Club informed us that the club could not carry the property and therefore deeded it back to the mortgagee. The club now has no assets. The club had suffered a decline in its membership from 650 to 100, and its other sources of revenue have been cut off because of conditions. At some future date when conditions get better the club intends to pay off the bonds, but until then said bonds have only a problematical value. The holder of a bond does not have to pay dues and could probably place your bonds with some of the members at some nominal figure. The dues amount to $6. per year. It is our opinion that the bonds should not be valued at a figure in excess of $5. per bond at this time. (5/1934.)

Youngstown Tire Mfg. Company. The following information regarding this company was received from Harrington, Hyxley & Smith, attorneys, located at Youngstown, Ohio. This company was incorporated by the writer and articles of incorporation were filed with the Secretary of the State of Ohio April 24, 1922, as shown by the letter of the Secretary of State to you under date of Oct. 9, 1933. It is our belief that all of the issued and outstanding stock at that time, other than the necessary qualifying shares, was owned by the Republic Rubber Co. However, in 1924 or 1925 we find that that company disposed of its interest in the Youngstown Tire Mfg. Co. to Paul Cornell of New York City. We believe that the Youngstown Tire Mfg. Co. was a sales organization only and we are advised that no assets went over to the purchaser or purchasers, other than the shares of stock of the company as an incorporation. We further believe that thereafter Mr. P. Cornell effected a reorganization or sold additional stock and it appears that the certificates which your client now holds are certificates which were issued by Mr. Cornell after he had purchased control." In view of the fact that this company was purely a sales organization and had no assets and that its charter was cancelled on Nov. 15, 1927 having ceased to exist, it is our opinion that the shares are without value.

Yuma Improvement Company. Incorporated in Arizona and had an office at 2 Wall Street, N. Y. C. in 1900 and was reported as inoperative in 1901, at which time no value was found for the stock. There were $500,000. of First Mortgage Bonds outstanding, that were never paid. Therefore it is our opinion that the shares are without value.
Yumuri Rail & Tramway Company. First Mortgage 5's due 1959. On December 24, 1907, it was reported that J. J. Wetmore, was the prime factor in a new project which had for its object the construction and operation of a railroad system between the northeast and southeast coasts of Cuba. The Yumuri Rail & Tramway Co. was incorporated in New York. A broad-gauge steam railroad was to have been constructed from Maya River to Yumuri. This line, had it been constructed, would have opened up an extensive territory where bananas, pineapples, coffee and cocoa were grown. The company had an office at 29 Broadway, N. Y. C. in 1908. President, Martin F. Carney; Secretary, R. N. G. Walford; Directors, Justin J. Wetmore, Charles Fahrenkamp, Jose Simon, 17 Battery Pl., N. Y. C. (1936), and I. Oritz. In 1909 the company was reported out of business. The commissioner of Railroads of Cuba informed us that they have no record of this company. The Trust Company of Cuba made a careful search of the railroad records and found no record of construction. It is our opinion that the road was never constructed and that the bonds were worthless as of June 13, 1936. The office of Jose Simon informed us that no road connects Maya River and Yumuri.
